## VOTERS TAKE SPOTLIGHT ON ELECTION EVE

### Federal Action Awaited as Coast Strike Blocks Trade

#### EASTERN AND GULF SEAMEN JOIN IN MOVE

Labor Department and Maritime Commission Plan Action While Employers Seek Navy "Safety Crews" for Tied-up Ships—Board Sets Hearing.

San Francisco, Nov. 2. (AP)—Prospects of Federal intervention in the Pacific Coast maritime strike came from three sources Monday as seamen spread a "sympathy" blockade to Eastern and Gulf ports.

Officials of the United States Labor Department and Maritime Commission indicated prompt action, while employers were reported considering a request for navy "safety crews" on tied-up merchant ships.

Admiral H. G. Hamlet, representing the Maritime Commission, summoned both sides in the conflict to a hearing set to open here after two postponements.

Assistant Secretary of Labor Edward F. McGrady declared the "government must challenge" what he said was the position taken by those involved in the dispute.

Every coast port remained "frozen" tight by the walkout called Thursday midnight by leaders of 37,000 ship and dock workers. Vessels arriving since the strike started fell under the blockade, with the Maritime Commission here reporting more than 140 vessels idle at West Coast ports and Honolulu.

The seamen's defense committee in New York, acting in defiance of no strike orders from officials of the International Seamen's Union, claimed 37 vessels tied-up at East and Gulf ports in the sympathy "sit downs." The committee claimed 2,300 men affected.

Strategy mapped out by the committee for New York and the other ports was to keep men aboard vessels but refusing any but watch duty.

At Philadelphia, John J. Egan, secretary of the Maritime Exchange, reported "everything tied up." Other ports in which the seamen's committee claimed one or more ships tied up were: Baltimore, Newark, Poughkeepsie, Charleston, Norfolk, Albany, New Orleans, Providence, Port Arthur, Texas City, Mobile and Galveston.

The strike paralysis continued to move inland, with railroads rejecting freight destined for the West Coast through Pacific ports, lumber and other industries shutting down and warehouses closed in San Francisco Bay cities.

Alfred (Sonny) Lamb was returned to Vernon Saturday night from Little Rock, Ark., to face charges of robbery with firearms in connection with the hi-jacking of a retail beer establishment near the Wilbarger-Foard line several weeks ago. He was indicted by the grand jury for the present term of Forty-sixth District Court and is scheduled to be tried before the session ends.

Lamb's wife and his father, R. L. Lamb, were arrested in an apartment raid at Little Rock last Wednesday. Little Rock police recovered \$1,000 of allegedly stolen merchandise and a cache of arms at the time. The three face charges in connection with a series of robberies in Texas. The elder Lamb and Lorene Lamb, wife of "Sonny," were taken to Borger.

Governor Alfred Saturday wired Little Rock police asking that the three be held for officers from Guthrie, where they are wanted on charges of assault with intent to murder in connection with the shooting of an aged man at a liquor store north of Guthrie in September. The wire came after the trio had been placed in the custody of Vernon and Borger deputies.

Deputy Sheriff C. B. Boyd returned "Sonny" Lamb to Vernon. He was accompanied by Rex Boyd, Sr. Lamb is in the Wilbarger County jail.

GARNER DISCUSSES TURKEYS WHEN POLITICS MENTIONED

Uvalde, Texas, Nov. 2. (AP)—Millions of persons in the United States might have been agitated Monday over the Presidential election but Vice President John N. Garner, going about his usual business here, was not one of them.

Up at the break of dawn in accordance with habit, he looked over his prize turkeys, pheasants and ducks, walked down town for exercise and resolutely declined to talk politics.

To a question as to whether the Democrats would win in the big Tuesday, the ruddy-cheeked Vice President beamed and remarked he had eight of the best turkeys in the country and from them would raise 100 equally as good next year.

### FIVE GOOD AMENDMENTS; ONE SHOULD BE REJECTED

(EDITORIAL)

Tomorrow the voters of Texas will pass upon six proposed amendments to the State constitution. The Record has presented analyses of them from time to time within recent weeks, and after careful study and consideration it submits below some of the reasons for recommending defeat of one amendment and the approval of five.

Amendment No. 1 would create a State agency to sell liquor for beverage purposes in those counties where it is permitted under local option laws. It does not affect local option and has no bearing whatever on the sale of liquor on doctor's prescriptions. It does not affect the handling of liquor in a dry county like Wilbarger. It would simply replace privately owned retail package stores with State stores in wet counties. The Record believes this amendment should be defeated because it would create a new political machine with all the evils of the old-time liquor rings, plus some that are peculiar to political handling, without improving any unsatisfactory features of present methods of handling liquor.

Amendment No. 2 authorizes the creation of a retirement fund for teachers in the public educational system. This amendment would extend to teachers some of the benefits now enjoyed by employees of the Federal Government when the age of retirement comes. But it requires the teachers to pay in half the amounts used to create the retirement fund. The Record believes this is sound public policy and should be adopted.

Amendment No. 3 would authorize the Legislature to provide workmen's compensation insurance for employees of the State. This is an act of common justice. The State now requires private employers to carry insurance on employees to compensate them for injury in line of duty. The constitution does not permit the State to do for its employees what it requires private employers to do. Thousands of men work on the highways and in other employments and it is unfair for them to lose their jobs and pay for costs of medical attention in case of injuries while at work. This amendment should get unanimous support.

Amendment No. 4 would take from the Governor his present pardoning power and lodge it with a board of three members. This would make the granting of pardons a judicial proceeding. The Record believes this is a desirable change.

Amendment No. 5 proposes to increase salaries of the Governor, Attorney General, Comptroller, Treasurer, Secretary of State and Land Commissioner. By all means this should be approved. The salaries of these officials was fixed in 1876. We have increased the salaries of all other public officials since 1876, why not do so for the most important offices in the State Government?

Amendment No. 6 is especially sound. It limits the number of members which any one county may have in the Legislature. Unless this amendment or some similar one is adopted the large cities of Texas will control the law-making body of the State. Similar limitations have been adopted by thirty other States.

### NEW RAIDS BY REBEL PLANES MARK PROGRESS OF SPANISH WAR CENTERING AT MADRID

(By The Associated Press.)

Insurgent warplanes Monday dropped bombs over suburban Valencias, about two and one-half miles from Madrid, as the civil war neared the Capital from three sides.

Three children were killed; eight adults wounded.

Government commanders evacuated the civil population from Getafe, another Madrid suburb, and hurried fresh reinforcements into the defense lines.

Gen. Jose Varela's insurgent forces captured Brunete, 17 miles west of Madrid, after taking three other towns—Villa Mantilla, Sevilla La Nueva and Nueva De Perales—in bitter fighting.

The insurgent command reported that 500 government troops were killed in the capture of the four villages and in a futile counter-attack at Parla, south of the capital.

The government said fighting was continuing on both sides of the Guadalajara Highway, about 15 miles northeast of Madrid in the Sigüenza sector.

COTTON STANDARDS UP IN NORTHWEST TEXAS

Cotton ginned in Wilbarger and other counties of this section reflected the highest average standards in this part of Texas, according to weekly cotton grade and staple report of the United States Department of Agriculture. The report showed but 30.5 per cent of cotton shorter than 7.8 inches.

The district to the West showed 65.1 per cent of staple shorter than 7.8, and to the East 46.7 per cent. Cotton grades over the State were generally improved over those of the previous week.

Position of Treasury. Washington, Nov. 2. (AP)—The position of the Treasury on Oct. 30: Receipts, \$9,132,061.92; expenditures, \$20,794,363.53; receipts, \$1,781,099,479.66; customs receipts for the month, \$39,56,651.72. Receipts for the fiscal year (since July 1), \$1,400,982,475.35; expenditures, \$2,335,375,618.58 including \$912,655,802.22 of emergency expenditures; excess of expenditures, \$934,393,143.23; gross debt, \$33,836,982,677.10; a decrease of \$2,578,857.25 under the previous day; gold assets, \$11,098,772,626.40.

Murder Charge Filed. Fort Worth, Nov. 2. (AP)—A charge of murder was filed Sunday against T. R. Ray, who was arrested Saturday night in connection with a beer tavern altercation in which James Ervin Conrad, 41-year-old World War veteran, was shot and killed. Ray made \$5,000 bond.

Taft's Physician Dies. Washington, Nov. 2. (AP)—Brigadier General Matthew A. Delaney, who was President Taft's physician, Sunday in Walter Reed Hospital. Delaney retired from the army early this year.

### W. A. SMART IS GIVEN 25-YEAR PRISON TERM

Former School Superintendent at Margaret and Medicine Mound Found Guilty by Foard County Jury on Criminal Assault Charge.

Crowell, Nov. 2.—W. A. Smart, former school superintendent at Margaret and Medicine Mound, was given a sentence of 25 years in the penitentiary here Saturday night after a Forty-sixth District Court jury found him guilty on a criminal assault charge. A 14-year-old Margaret girl was the State's principal witness. The jury's verdict was returned after deliberation of about three hours.

The trial opened Thursday in a special term called by District Judge W. N. Stokes. District Attorney Ed L. Gossett was assisted in the prosecution by Jesse Owens, District Attorney elect. Defense attorneys were John Storey and R. R. Donahay of Vernon and Vance Swain of Crowell. A motion for a new trial has been filed by defense counsel.

JURY SELECTION OPENS IN WILBARGER ATTACK CASE

A jury was being selected in Forty-sixth District Court here Monday for the trial of Jim Cubine, who was indicted on a criminal assault charge recently.

The term of six weeks opened Oct. 19 with the first two weeks devoted to grand jury investigations and non-jury cases.

Those listed for petit jury service this week are: R. B. Gibson, Gus Rapp, A. D. (Judge) Green, W. P. Ramsey, Cody Austin, Albert Merzowsky, Roy Norsworthy, T. Zoch, Luther Webb, J. L. Showers, John Cavanaugh, Ewald Grebaum, Herman Gohke, Carl Middleton, T. M. Goodman, G. A. Bazzoon, E. C. LeBus, James W. Kennedy, Tommie McCarty, Jim Armstrong, Tandy Belev, Herman Clement, George Guggisberg, R. L. More, Sr., O. M. Pigg, R. C. Guyer, O. W. Deer, O. M. Mote, Robert Streit, W. H. Childress, V. M. Priest, L. R. Chapin, Earl Dye, J. G. Wiederander, E. L. Pollard, Claude Bidsen, J. R. Wright.

Peterson summoned to report Nov. 9 for petit jury service are: R. K. Taber, J. O. Houtchins, Arch Hughes, W. Warther Vaughn, Herbert K. Hasehoff, Dan Goldfeder, L. D. Hoke, Dave Burelsmith, John Minarik, W. W. Riddle, M. B. Rhoads, O. E. Carpenter, F. A. Caperton, LeRoy Yerby, Norwood Morrison, Edward Jokel, Paul Owens, T. J. Kidwell, Carl Zippert, Jr., O. B. Barrett, Carl English, Ben Graf, W. R. Zachery, L. F. Fitzgerald, T. B. Matney, A. E. Johnson, E. S. Craig, M. G. Gardner, Ed Gentsch, James Neath, W. C. Orr, D. E. Beck, D. Estes, J. H. E. Young, Earl King, Grady Bingham.

### OCTOBER WAS COOL MONTH

FROST ARRIVES NINE DAYS  
EARLIER THAN IN  
PAST YEAR

October of this year proved to be cooler than the same month in 1935, according to records kept by John D. Huntley, Government weather observer for Vernon.

The minimum temperature of the month came on Oct. 27 with a reading of 32 degrees. The first frost of the season accompanied the freezing temperature. The first frost of 1935 came on Nov. 1 when the mercury dropped to 31 degrees. The lowest temperature during October, 1935, was 40 degrees on the 23rd day of the month. Temperature below 40 degrees was recorded four days in the month just ended.

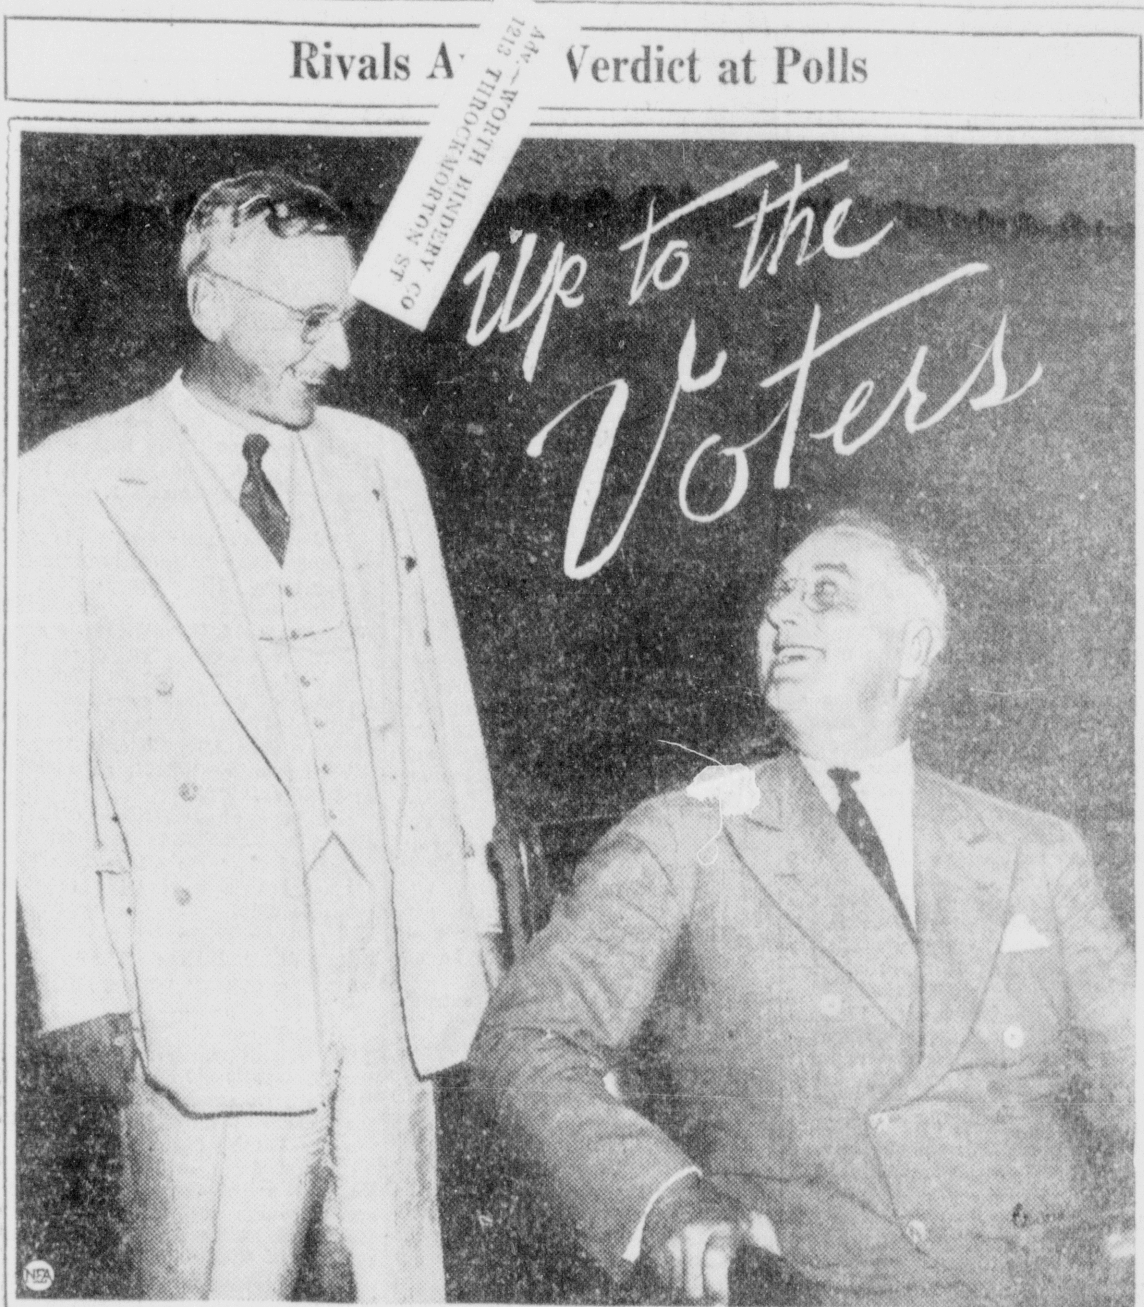

Maximum temperature was 92 degrees on Oct. 19, while in 1935 the top figure was 95 on the second day of the month. In 1935 there were 11 days in which the mercury climbed to or past the 85 mark, while in the past month there were only four. The lowest maximum during October in 1935 and 1936 was 46 degrees. The highest minimum in the past month was 64, as compared with a high of 65 on four days last year.

Rainfall amounted to 1.14 inches in October, making a total of 18.77 inches for the first 10 months of the year, as compared with 24.96 inches for the same period in 1935. Rain was recorded four days last month and five days in October, 1935, when the precipitation totaled 1.88 inches. Rainfall in September of this year amounted to 9.44 inches.

Twelve days in the past month were listed as clear, 10 partly cloudy, and nine cloudy. For the same month last year, there were 11 clear days, 13 partly cloudy and seven cloudy.

Wichita Falls, Nov. 2.—Funeral services were held here Sunday afternoon for Judge Edgar Scurry, a former resident of this city, who died Saturday at Houston. The rites were conducted from the First Methodist Church by Dr. C. M. Raby, pastor. The principal feature of the service was a tribute by Judge John C. Kay, long-time friend and associate.

Judge Scurry came to Wichita Falls in 1930 and resided here until moving to Houston in April, 1935. He has no immediate survivors.

Rivals A

Verdict at Polls

### BABY BEEVES TO BE SHOWN

WILBARGER COUNTY 4-H BOYS ENTER CALVES AT CENTENNIAL

Three prize-winning baby beefs from Wilbarger County will be entered in the Junior division of the Centennial Livestock Show at Dallas, according to Fred Renssels, Farm Agent. The three Hereford calves are owned by Louis Kieschnick, Otto Ohenhaus, Jr., and Eddie Ohenhaus, winners of first, second and third places, respectively, in the recent baby beef show conducted in Vernon for 4-H Club boys of the county.

The Junior livestock event will open Friday. Judging will take place Tuesday or Wednesday of next week.

JAP FARMER CLAIMS HEN WITH NEW EGG RECORD

Tokyo, Nov. 2. (AP)—Farmer Fujikura's hen did it. With a deprecating cackle, as though to say, "Well, that's nothing—really nothing," the prolific leghorn dropped her 361st egg since Nov. 1, 1935, to set a new world record for sole "mass production." The new world record has 12 hours to notch the mark one higher and she retired to the barn with a strut fairly exuding confidence.

U. S. POULTRYMEN REFUSE TO RECOGNIZE JAP CLAIMS

Washington, Nov. 2. (AP)—Federal poultry experts have refused to concede the world championship egg laying title to Japan.

A news dispatch from Tokyo reported that Farmer Kichi Fujikura's leghorn hen had set a new world record by laying 361 eggs in a year. "That's a mighty fine claim," said Berley Winton, poultry expert at the Agriculture Department, "but the farmer's claims are unofficial. We don't recognize them."

Winton then produced records which showed that a white leghorn hen in this country had been credited with 360 eggs in one year in an official egg-laying contest at Corvallis, Ore., in 1934-35.

And he added that the official world title was credited to a black orpington hen in New Zealand. She clucked officially 361 times during 1930 as officials removed that many eggs from her nest, he said.

JUDGE SCURRY RITES ARE SAID AT WICHITA FALLS

Wichita Falls, Nov. 2.—Funeral services were held here Sunday afternoon for Judge Edgar Scurry, a former resident of this city, who died Saturday at Houston. The rites were conducted from the First Methodist Church by Dr. C. M. Raby, pastor. The principal feature of the service was a tribute by Judge John C. Kay, long-time friend and associate.

Judge Scurry came to Wichita Falls in 1930 and resided here until moving to Houston in April, 1935. He has no immediate survivors.

### Election Results Not To Be Announced Here

The Vernon Daily Record will not announce returns Tuesday night on general election results. Returns from Wilbarger County precincts will be tabulated, however. Believing that voters are more interested in the general election results than in the vote of endorsement of the Democratic ticket in Texas and in view of rapid transmission of national returns by radio, plans for a news-report were dropped. Complete returns of the election will be tabulated in Wednesday editions.

### CHILL WIND HITS TEXAS

FRIGID WAVE FORECAST FOR ELECTION DAY OVER STATE

(By The Associated Press) A chill wind swept toward Texas from the north Monday bearing subfreezing temperatures toward the Panhandle.

Forecasts indicated the frigid wave would spread over nearly the entire State Tuesday and voters would go to the polls in the teeth of a "blue norther."

The Dallas Weather Bureau issued livestock warnings for the northern portions of West Texas Monday.

Dr. J. L. Cline, meteorologist in charge said thermometers would drop to between 22 and 30 degrees Monday night and the southern portion would be much colder Tuesday.

Amarillo braced for the shock of the cold though thermometers stood early Monday at a minimum of 50. Observers there said they expected a temperature of 20 degrees.

Weathermen said a low barometer area over Kansas was bringing the rush of frigid air from Canada.

Lightning at Walters

FATAL FOR FARM WOMAN

Walters, Okla., Nov. 2.—Efforts to save a herd of turkeys at her home near here proved fatal Sunday to Mrs. Susie Cagle, 39, when she was instantly killed by lightning at noon. Her husband, E. R. Cagle, was knocked unconscious by the flash, but was revived by rain beating in his face.

Mr. and Mrs. Cagle left the house to round up their turkey herd when a thunderstorm hit. As they neared the barn the lightning struck Mrs. Cagle over the heart. When Mr. Cagle regained consciousness he called his sons and they carried the woman's body into the house.

### NO. 28 ASPHALT WORK FINISHED

DOUBLE SURFACE PLACED ON APPROACH TO RED RIVER BRIDGE

Double asphalt treatment was completed Saturday from the end of the Highway 28 concrete pavement in Wilbarger County to the bridge across Red River north of Oklahoma. The distance covered by the asphalt approach work was approximately 1,500 feet.

The work was supervised by the maintenance division of the State Highway Department and was done by the Lone Star Construction Company of San Antonio, contractor for asphalt work now in progress on Highway 28 south of Vernon.

rites said at Seymour FOR GIRLS IN CAR CRASH

Seymour, Nov. 2.—Funeral services were held Sunday in this city for Miss Viola Lyons, 20, and Miss Clara Collingsworth, 17, victims of a highway collision Saturday night on Highway 40, four miles southeast of Seymour.

Double services were said by Rev. J. R. Balch from the First Baptist Church. Interment was in the Seymour cemetery.

The young women were killed when the driver of the automobile in which they were riding swerved to avoid a mule, sending the machine into a ditch. Both girls were thrown from the car. Jack Fowler of Gore, owner of the car, was recovering Sunday from shock and minor injuries received in the accident.

NEW YORK CAFE RACKET REVEALED BY INDICTMENTS

New York, Nov. 2. (AP)—One hundred and ten Manhattan restaurants and cafeterias, including such familiar midtown spots as Jack Dempsey's, Lindy's, and the Hollywood, were named here as victims of a racket which prosecutors blamed for extorting \$2,000,000 annually.

"Shakedown" racket from \$250 to \$17,000 were listed in a second indictment returned against the Metropolitan Restaurant and Cafeteria Association and 13 individuals.

The 41 specific extortions charged against the ring included \$8,300 from Lindy's restaurant, \$750 from the Hollywood, and \$285 from Jack Dempsey's for immunity from picketing, stench bombings and other terrorist tactics which, Prosecutor Thomas E. Dewey charged, accompanied refusal to join the association.

AIRLINE CONNECTION TO SHANGHAI GOES FORWARD

Shanghai, Nov. 2. (AP)—American efforts to establish an uninterrupted airline from the United States Saturday across the Pacific to Shanghai seemed virtually complete today when officials of the China National Aviation Corporation indicated that a Shanghai-Hongkong service would be established shortly. With trans-Pacific clipper going into Hongkong, the Sino-American airline would become an accomplished fact as soon as the Shanghai-Hongkong service begins, probably Nov. 5.

### FINAL DRIVE FOR BIG VOTE IS UNDERWAY

Predictions of Victory Proclaimed by Rival Party Chiefs—Record Vote Forecast Despite Handicap of Weather—Last Appeals Ready.

(By the Associated Press)

Across the vast expanse of America, the tumult over gigantic issues died away Monday as the Nation's only sovereign—the voter—prepared to wield the scepter and decide Tuesday who shall head his government.

From both major parties, as almost always, came strong expressions of confidence, while all hands, from presidential candidates down to the lowliest ward worker, concentrated on one eleventh-hour task:

"Get out the vote," was the injunction heard on all sides. The efforts of the party workers, combined with the more-than-usual natural interest in the issues, still indicated a record-smashing vote, possibly 45,000,000, despite ominous word from the Weather Bureau that a cold rain or snow might blanket much of the United States on election day.

Farley Confident.

James A. Farley, National chairman, headed the Democratic victory-prognosticators, with a declaration it would be a "sweep" giving President Roosevelt a bigger electoral margin than 1932 when he captured 472 of the 531 votes in the electoral college. Farley said Republicans could not rightfully "feel hopeful" in any States except Maine and Vermont.

National Chairman John D. M. Hamilton of the Republicans came back with a declaration that without hesitation he could predict an "absolute minimum" of 320 electoral votes for Governor Alf M. Landon, only 266 being necessary to elect.

Though his more formal campaigning was over, President Roosevelt permitted himself little rest Monday. He planned to make a tour of his own Dutchess County, and two other New York counties, then speak to neighbors from a Poughkeepsie balcony, and to the Nation from Hyde Park.

Landon at Topeka. His 20,000-mile trek through the Nation finished, Governor Landon rested at Topeka, Kan., before beginning the final campaign activities. He will make a 16-minute address to the Nation then enroute for his home town of Independence, where he will vote. By Tuesday night he will be back in Topeka to receive the returns.

The vice presidential nominees also were on home ground to await election returns. Colonel Frank Knox, finishing a 24,000-mile tour, reached Chicago with a statement that it was apparent from Mr. Roosevelt's utterances that there would be "four more years of dictation" if the President "should happen to be re-elected."

Vice President Garner, who made only one speech on a Nation-wide hookup during the campaign, planned to get the returns at Uvalde, though if he follows a long-time habit, they won't keep him out of bed much past 9 p. m.

STUDENTS AT CENTENNIAL

Approximately 1,500 school pupils from 10 counties in District 4 and their sponsors boarded three special trains at Wichita Falls early Sunday morning for a visit of two days at the Centennial Exposition in Dallas.

Two hundred and thirteen pupils, teachers and parents boarded a regular Fort Worth & Denver passenger train here at 2:02 o'clock Sunday morning and changed to one of the specials after reaching Wichita Falls.

A round-trip rate of \$2 was offered to pupils and their sponsors for the two days, Sunday and Monday, assigned by Centennial officials to District 4.

In addition to the pupils leaving by train, a large number of others from Wilbarger County left in buses and in private conveyances. Concessions offered by the Centennial included admission to the Exposition at half price, a viewing of hist. e. Cavalede of Texas at half price. Numerous other special rates.

School pupils at the Centennial from this district Monday will not be charged with absence.

REPUBLICAN LEADER IN INDIANA DIES IN CRASH

Martinsville, Ind., Nov. 2. (AP)—Paul Maddock, prominent Bloomfield, Ind., newspaper publisher and president of the Indiana Republican Editorial Association, was killed near here early Saturday when his automobile left the road and turned over. He was in charge of the reception given Alf Landon, Republican presidential nominee, when the Kansas Governor spoke in Indianapolis last Saturday.

PEAK VOTE IN TEXAS ASKED

LEADERS URGE DEMOCRATS TO BOOST TOTAL TO MILLION BALLOTS

Austin, Nov. 2. (P)—Texas Democrats, admittedly the winner in Tuesday's general election, sought Monday to bring out a record vote to safeguard their representation in national conventions.

Governor Alfred and Roy Miller, state chairman of the national campaign, urged county chairmen "to get out the vote" Tuesday in hopes of casting nearly a million Democratic ballots.

Alfred forecast a million votes if Democrats "do their duty." Miller, who also forecast a possible million votes, announced more than \$200,000 of Texas' \$250,000 national campaign fund quota was subscribed, and urged leaders to conduct a final drive Monday to achieve the quota.

General election apathy apparently was widespread, except in a few instances where local issues resulted in heavy absentee balloting. Absentee voting generally gave little indication of how many votes Texans would cast.

In 1932 Texas cast 849,986 votes for major party candidates, 755,204 for Roosevelt and 96,682 for Hoover. In last July's Democratic primary 1,071,372 votes, an all time record, were cast.

Republicans were hopeful of winning at least one congressional race, that of Ernest W. Clemens, who opposed Representative Maury Maverick of the San Antonio district. Clemens had the added support of the Jeffersonian Democrats, bitter New Deal opponents.

R. B. Cragger, Republican National Committeeman, said Texas after this year would be definitely a two-party State, although he had small hopes of a Landon victory in Texas which has gone Republican only once since the Civil War. Herbert Hoover was given a majority over Alfred E. Smith in 1928.

D. O. Harris of San Angelo, Republican; Carl Brannin of Dallas, Socialist; and Homer Brooks, Communist, oppose Alfred, Democratic incumbent. The Unionists and Prohibitionists failed to name a gubernatorial candidate.

Six proposed amendments to the State Constitution will be up for the electorate's consideration.

Little interest was shown in a proposal to create a State liquor monopoly. Texas repealed State liquor prohibition last year.

Alfred actively urged adoption of a proposal to limit the Governor's clemency powers through a board of pardons and paroles. Six former governors also endorsed this proposal.

Other proposed amendments would create a retirement fund for public school teachers, authorize workmen's compensation for State employees, raise the salaries of the Governor and certain other State officials, and limit the legislative representation of any county to seven unless the county had 800,000 residents or more.

Mrs. E. L. Moore of Mineral Wells, formerly of Vernon, is visiting Mrs. C. M. Blair and other friends this week.

Old Papers Found At New Braunfels Describe Colony

New Braunfels, Nov. 2. (P)—The discovery recently of a mass of documents—paper, parchments, and sheepskin—preserved by the wife of a pioneer leader, illuminate the privations and difficulties of the first German colonizers in this region, especially Capt. Johann Jacob von Coll.

The documents, found in the home built by Capt. von Coll in 1845, comprise letters, passports, certificates, records of business transactions, notes, and a blueprint of the house. They date to 1841, and include records bearing upon the activities of Prince Solma Carl von Braunfels, who emigrated from Germany to Texas in 1845, and founded and managed the colony of New Braunfels.

The von Coll house, quaint in design, is in excellent condition and occupied by descendants of the pioneer builder. Its stone walls are 24 inches thick, and the window sills deep enough for a comfortable seat. Outside stairways lead to an attic, and the huge door is of hand-carved walnut.

Von Coll, then 30 years old, landed at Carlshafen, later Indianapolis, with a party of German colonists under the leadership of Prince Braunfels, late in 1844. The party was sponsored by the German Adels Verein, an association of titled persons in Germany founded "for the protection of German emigrants in Texas."

The party was left in charge of Capt. von Coll while Prince Braunfels proceeded to "Los Fontanos," Spanish for fountain—now Comal Springs at the head of Comal river, where he bought a tract of land at the suggestion of Dr. Frederick Lindheimer, a German botanist. The site now is Landa park.

Good Friday, March 21, 1845, the first wagon load of German immigrants crossed the Guadalupe river near the site of this town, and the settlement was named after the prince's ancestral castle, "Braunfels," in Germany. A log headquarters, or "The Sophienburg," was built upon the same spot where the Sophienburg museum now stands. After annexation of Texas in 1845, Comal County was created, and the city of New Braunfels incorporated in 1847.

MANDLEY BANKER HURT IN WICHITA FALLS WRECK

Wichita Falls, Nov. 2. (P)—William D. Weiler, vice president of the First National Bank in Mandley, was in a critical condition in a hospital here Monday morning. He had been injured in an automobile crash late Sunday afternoon. His daughter-in-law, Mrs. Herbert Weiler, also of Mandley, was seriously injured.

Weiler suffered a fractured back and neck and was almost completely paralyzed. Physicians hold little hope for his recovery.

School Gets Holiday

Dallas, Nov. 2. (P)—The entire personnel of the Chick Bend School in Palo Pinto County, two pupils and the teacher, visited the Texas Centennial Monday. The teacher, Catherine Barnhill, said her school was the tiniest in Texas.

FUGITIVE 17 YEARS FOUND

GOVERNOR OF MICHIGAN IS ASKED TO AID MAN AT CHICAGO

Chicago, Nov. 2. (P)—Howard Fulger's loyal wife drafted a plea to the Governor of Michigan Monday in hope of circumventing the fate which, after 17 years, brought Fulger's arrest as an escaped convict.

Detectives found him Saturday, working as an engineer in a Gold Coast apartment building where he had been employed nine years as "Howard H. Law."

They said authorities at the Jackson, Mich., prison knew him as No. 11-109, one of a dozen convicts who fled in 1919 after tunneling their way to freedom.

Two months later, Fulger related Sunday, he married Mrs. Elizabeth Hare, a widow who, at 69, is 13 years his senior.

"For myself I care little," he said, "but it is tragedy for my wife. I never had told her the story. I hoped it never would be necessary. 'I won't let you go back,' she declared. 'We'll get lawyers.'"

But Fulger dissented. "We have so little money," he said, "You'll need it all."

"First of all, Mrs. Fulger insisted, 'I must write to the Governor of Michigan and beg him for mercy.'"

Fulger related that in 1917 he was sentenced to serve 10 to 20 years in prison, charged with an offense against his step-daughter. He insisted he was convicted because of "deluded" testimony by his first wife, who, he said, had been sent to insane asylums twice before and once, after their marriage.

Tenants of the building where Fulger worked rallied to his aid. "Prisons are supposed to be for reforming criminals," said one, George Wilson, a broker. "If this man ever was a criminal, he has certainly reformed himself. It would be unjust to take him back."

Fulger declined to waive extradition.

ENGLISH TROOPS ORDERED HOME FROM PALESTINE

Jerusalem, Nov. 2. (P)—With order rapidly being restored in the Holy Land, three thousand Reservists who came here with the British emergency force will sail for home on the Laurentic on Saturday. It was announced Monday.

They will be the first members of Palestine's reinforced garrison to return to England, more than 15,000 troops were assembled in Palestine as part of strong military measures adopted to curb six months of disorder in the Arab revolt against Jewish immigration.

Pecan Show Set.

Brownwood, Nov. 2. (P)—West Texas Pecan Growers Association will hold its Fall meeting and show at San Angelo Nov. 5, Joseph Hamilton of Brownwood, secretary, announced. The show is expected to be the largest in Texas this year and exhibits will be entered from all parts of the State. Cash prizes total \$50. The show will include a pecan pie, cake, and candy making contest.

GAILY BEDECKED HOLSTEIN WINS TULSA BEAUTY EVENT

Tulsa, Okla., Nov. 2. (P)—Oklahoma's "It" cow, a charming Holstein, is Ralsa P. Morley's Netherland Bell Homestead.

In spite of a fretful mood she won a bovine beauty contest at the Oil Capital Horse and Dairy Show Saturday night.

She trampled her costume and fought her handlers, but the judges were captivated by her red silk costume spangled with tiny mirrors, ruffled pantaloons and 10-foot train.

Her five-day-old calf, dressed like its mama, followed her in a white go cart.

ELECTION AT A GLANCE

(By the Associated Press)

Voters will ballot Tuesday for: President and Vice President. 35 United States Senators. 432 members of the House of Representatives.

(Congressional balloting will take place in every State except Maine, which elected a Senator and three House members in September.)

33 Governors.

A host of lesser State officials.

Senate—The full membership is 96, the present lineup being: Democrats 69, Republicans 28, Farmer-Labor 2, Progressive 1, vacancy 1 (Democratic).

House—Full membership is 435, present lineup being Democrats 308, Republicans 100, Progressives 7, Farmer-Laborites 3, vacancies 17 (Democrats 13, Republicans 4).

Number of voters registered—Unofficially estimated at 55,427,000, an increase of 8,527,000 over 1932.

Expected vote—Perhaps 45,000,000, or more than 5,000,000 over 1932.

Voting units—122,464, an increase of 2,277 over 1932.

Number of election officials, clerks, ballot counters, etc.—612,000.

Cost of campaign—More than \$13,000,000 has been reported to Congress to date.

ROOSEVELT MAKES LAST TOUR IN HOME STATE

With Roosevelt Motor Tour in New York State, Nov. 2. (P)—President Roosevelt set out Monday on a 60-mile drive around home neighborhood counties in a final effort to win the Empire State.

Up and down both banks of the Hudson he had charted an election campaign embracing his home county of Dutchess and neighboring counties of Ulster and Orange.

Starting from his ancestral home in the village of Hyde Park, where he and members of the family will vote Tuesday morning in the Town Hall, he pointed the motorcade southward to Beacon; thence by ferry to the western shore town of Newburgh; northward through Milton, Marlboro, Highland and Kingston; back to the east bank towns of Rhinecliff and Rhinebeck.

He will close his re-election speech-making with a 9 o'clock talk to neighbors from a hotel balcony in Poughkeepsie and a 15-minute national radio appeal from his study at Hyde Park.

In museums of the world there are now 150 of the painted coffins of Egyptians inscribed with religious thoughts 4,000 years old.

Daily Markets

COTTON

GRAIN

New York.

New York, Nov. 2. (P)—Cotton futures opened steady, unchanged to 4 higher on steadier Liverpool cables and trade and foreign buying. Dec. 11.63; Jan. 11.61; March 11.67; May 11.67; July 11.65; Oct. 11.18.

The initial buying readily absorbed hedge selling and a moderate volume of liquidation. New business was restricted owing to pre-election influences so that trading was confined principally to trade account.

Liverpool and the continent were buyers here as the difference between New York and Liverpool widened further. Reports on the influence of the maritime strike on the movement of cotton abroad were being awaited.

Fair to partly cloudy weather prevailed over the cotton belt, except for scattered showers in parts of the West. The market moved over a narrow range following the call with the undertone holding steady. March fluctuated between 11.65 and 11.68 and prices generally were unchanged to 4 points net higher at the end of the first half hour.

Liverpool reported a small market with local support meeting light offerings. The New York Cotton Exchange Service estimated world consumption of all growths during September at a new high record for the month of 2,311,000 bales against 2,155,000 in September last year and 1,915,000 two years ago.

Futures closed steady, 1 lower to 4 higher.

	Open	High	Low	Close
Dec.	11.63	11.64	11.57	11.59-64
Jan.	11.62	11.62	11.53	11.59-60
Mar.	11.67	11.65	11.55	11.59-60
May	11.67	11.59	11.50	11.58
July	11.65	11.65	11.55	11.60
Oct.	11.15	11.20	11.14	11.18-19

Spot steady; middling 12.08.

New Orleans.

New Orleans, Nov. 2. (P)—Cotton futures market closed, Holiday.

Liverpool.

Liverpool, Nov. 2. (P)—Cotton, 15,000 bales, including 5,600 American. Spot, moderate business done; prices unchanged to five points lower; quotations in pence: American strict good middling 7.64; good middling 7.34; strict middling 7.09; middling 6.84; strict low middling 6.64; low middling 6.14; strict good ordinary 5.84; good ordinary 5.54. Futures closed quiet and steady.

U. S. SEAMAN ASKS PARDON OF NAZI GOVERNMENT

Berlin, Nov. 2. (P)—Lawrence B. Simpson, the American seaman under three year sentence to a German prison for sedition, Monday petitioned the Ministry of Justice to pardon him and send him home.

United States Consular authorities, who transmitted the petition, added a memorandum supporting the plea. Simpson said he did not realize the extent to which he interfered with politics in another country, stated he was sorry, and asked to be permitted to leave the country.

Chicago.

Chicago, Nov. 2. (P)—Influenced by an unexpected sharp setback of Liverpool quotations, the Chicago wheat market underwent early downturn Monday. Uncertainties regarding Argentine exchange rates attracted notice.

Opening 34-3/4 of a cent off, Dec. 1.13 1/2-3/4, May 1.12-1/4. Chicago wheat futures then declined further. Corn started unchanged to 1/4 higher, December new 94-3/4, May new 90-3/4, and afterward eased somewhat.

	Wheat:	High	Low	Close

VERNON, TEXAS

COUNTY VOTE IS ESTIMATED

FORECAST OF WILBARGER TOTAL BELOW PRIMARY ELECTION FIGURE

Between 3,000 and 3,500 Wilbarger County voters will mark ballots Tuesday in the general election, according to predictions of election officials and political observers. The estimates are far below the total votes polled in the Democratic primaries in July and August.

A new county record was set in the first primary when 4,997 ballots were marked. The second primary total was 4,706. In the general election four years ago, more than 3,500 Wilbarger County voters marched to the polls. In that election Franklin D. Roosevelt received 3,342 votes for President and Herbert Hoover, 198. Miriam A. Ferguson led Orville Bullington, the Republican nominee, for Governor by a vote of 2,145 to 1,254 in the county.

The polls will open at 8 o'clock at 23 voting boxes in the county and will close at 7 o'clock. The four city boxes will be located as follows: Southwest Vernon—Tax Collector's office; Southeast Vernon—District Court Room; Northwest Vernon—County Farm Agent's office; Northeast Vernon—Commissioner's Court room. The West Vernon box will be in the gymnasium of the West Vernon school.

Fifty-two absentee ballots were received at the office of the County Clerk.

Vernon banks and several county offices will be closed throughout the day.

FRENCH COMMUNISTS ATTACK FASCISTS IN CHAMBERY RIOT

Paris, Nov. 2. (P)—Assaults by French Communists on Italian Fascists at Chambery, coupled with Premier Benito Mussolini's "freezing friendship" reference to France in a speech at Milan, subjected Italian-French relations to a severe chill Monday.

An Italian official indicated the Italian Embassy would protest to the French Foreign Office as a result of the rioting at Chambery, where five Fascists, including the Italian Consul, were beaten in an attack by French Communists.

MARRIAGE LICENSE TOTAL IN COUNTY REACHES 190

Twenty-one marriage licenses were issued in October from the office of the Wilbarger County Clerk, boosting the total for the first 10 months of the year to 190. Nineteen licenses were issued in September.

Licenses were secured by the following during the past week: J. T. Croxton and Nannie Leaton; J. W. Edwards and Juanita Geet; Urban Robert and Mrs. Sarah Harper; Roy Houck and Ruby Howard; J. Roy Glad and Mabel Hason.

Air Journey With Variations.

Omaha, Neb., Nov. 2. (P)—Four airplane passengers en route from Chicago to the west reached their destinations only 2 1/2 hours traveling on land and water as well as in the air. Pilot Earl Lockwood of the United Air Lines landed his plane on an island in the Missouri River near Fort Calhoun, Neb., because of fog. He, his co-pilot, the stewardess and passengers reached the mainland in a row boat. An automobile took them to Omaha where they boarded another plane.

Card of Thanks.

We wish to take this opportunity to express our appreciation for the many acts of kindness during the illness and death of our loved one. We especially wish to thank those who sent floral tributes.

# JAP TORTURE METHODS TOLD

## BRITISH NAVY STAFF TO INVESTIGATE ATTACK ON THREE SAILORS

Shanghai, Nov. 2. (AP)—Details of the alleged "fingernail torture" of three British sailors by Japanese police were disclosed Monday by officers of the British Asiatic Naval headquarters here.

The officials said a fountain pen was jammed under the fingernails of one sailor and then ink forced into the wounds to make him sign a "confession" sought by the Japanese.

The incident, which caused Vice-Admiral Sir Charles Little, commanding the British Far East naval forces, to postpone a visit to Japan, occurred at Keelung, Formosa, Oct. 7.

According to British naval officers, three seamen from British naval craft then stationed at Keelung were arrested by Japanese police for alleged non-payment of taxi-cab fare.

Upon protesting, British officers here said, the three sailors were pinned down by four Japanese police and beaten in the face by additional Japanese plain clothesmen to "persuade" them to sign a confession of their refusal to pay the taxi-cab fare and also of resisting the police.

At the height of the assault, British officials said, Lieut. T. C. Packard, of H. M. S. Bruce arrived on the scene and requested that the sailors be released.

In the course of the argument, it was asserted, the Japanese said to Lieut. Packard: "You are a British officer. We say you're not. You're nothing but a drunken sot. Get out of here!"

The Japanese threatened Packard with imprisonment if he did not depart, officers here said, and after he left, the Japanese allegedly resumed the assaults on the three seamen and dislocated the jaw of one of them.

Two of the sailors eventually agreed to sign the desired confession, but the man with the broken jaw refused to sign and was then thrown into jail and further tortured with a fountain pen thrust into the flesh under his fingernails and ink squirted into the bleeding wounds until he signed the document.

British naval authorities announced they possessed indisputable proof that the sailors paid their taxi fare.

## COMMUNIST CANDIDATE ASKS POLICE GUARD AT HOUSTON

Houston, Nov. 2. (AP)—Homer Brooks, Communist candidate for Governor of Texas, appealed Monday to police for protection for a Communist meeting on the courthouse steps Monday evening.

"Since the American Legion State Commander praised Tampa Legionnaires for breaking up a meeting I think we should have police protection," said Brooks. "The meeting will be orderly if the police will cooperate in making it orderly."

He estimated there would be 2500 Communist votes cast in Texas "if they are all counted."

Brooks was ejected from an attempted meeting and ordered out of the city at Port Arthur last week.

The Vernon Daily Record

## Wed to Ex-Mate of Jean Harlow

Film Actress Jean Harlow's place in Hal Rosson's affections has been taken by Mrs. Yvonne Crellin, above, who married the movie cameraman at Goldfield, Nev. The wedding occurred little more than a year after Rosson was divorced by Miss Harlow because he was "inattentive" and read in bed. Mrs. Crellin, divorced two years ago, is the mother of two children.

## HERE, THERE AND YONDER

**Fire Losses Total \$561.**

Vernon's insured fire loss for October amounted to \$561, according to Fire Marshal M. G. Neathery. The entire loss resulted in the fire at the Martin-Lane Company warehouse. Four fire alarms were answered during the month, according to Fire Chief John D. Huntley.

## Vehicle Registrations Drop.

Only two new motor vehicles were registered last week at the office of the Tax Assessor-Collector. They were: Mrs. H. Y. Pitts, Plymouth sedan, and Fred Cobb, Ford sedan.

## Clement Couch Sought.

County officers are on the lookout for Clement Couch, Wilbarger County man who escaped jail at Haskell Saturday. He has been indicted here on charges of burglary and arson, and for theft in other West Texas counties.

## Loses Auto Radio.

Bert W. Self of Crowell stopped at a radio repair shop in Vernon Saturday and asked for an examination of the radio in his sedan. "I had the radio repaired at Wichita Falls a few days ago," said Mr. Self, "but now I can't get a sound out of it." A repairman found the trouble, but was unable to do anything about it. All that remained of the radio were the controls on the instrument board. Mr. Self expressed the opinion that the radio had been stolen while the car was in a garage at his home the previous night.

## Quiet Halloween.

City and county officers report that Halloween here Saturday night was one of the quietest in the city's history. No damage was reported and except for a few misplaced flower pots, chairs and signs, there was little outward evidence of the annual event in which "the worst" is usually expected. Saturday night arrests for intoxication were also below the average, officers reported. Franksters with a sense of humor placed a "Room and Board" sign at the County jail.

## Seamen Block Harbor.

Houston, Nov. 2. (AP)—Striking members of the International Seamen's Union refused Monday to allow longshoremen to pass through their picket lines to work ships at Long Beach on the Houston hip channel. The freighter Prua was docked there. No violence was reported.

Mrs. Roscoe Rainwater and Mrs. Earl Fletcher of Vernon, Mr. and Mrs. Compton Rainwater and daughter, Jane Ann, of Oklahoma, spent the week-end in Taylor, Texas, with Mrs. Roscoe Rainwater's parents.

MISS LAURA LANE, Editor Phones: Office 171, Residence 536

## 125 Guests Call At Tea, Shower For Miss Rhoads

Approximately 125 guests called Saturday afternoon at a delightful tea and miscellaneous shower given for Miss Minerva Price Rhoads at the home of Mrs. W. R. Moore. Hostesses were Mesdames Hub Colley, Arch Collins, M. R. Sewell, Frank Murchison, R. D. L. Killough, F. L. Massie, and Mrs. Moore. On Nov. 8, Miss Rhoads will become the bride of Dr. Emory D. Hollar of Atlanta, Ga.

Upon arriving the guests were met at the door by Mrs. Hub Colley and they were presented to the receiving line which was composed of Mrs. Moore, Miss Rhoads, Mrs. Emory Rhoads, Sr., Mrs. R. H. Hoffman, Mrs. Clois L. Greene, and Mrs. H. H. Rhoads. The honoree wore a floor-length gown of blue with a yoke of gold metallic cloth. Her corsage was also in blue and gold, the colors which she had selected. Other members of the house party in the living room were Mesdames Arch Collins and R. H. Nichols.

Music during the afternoon consisted of vocal numbers by Mrs. P. W. Hendrix and Mrs. V. E. Time, and piano selections by Mrs. Forest E. Nowlin and Miss Erma Rhoads, Mrs. R. B. Sherrill, Jr., Miss Nina Ruth Terrill, Mrs. R. D. L. Killough, and Miss Dollye Jane Moore were in the hall to direct the guests into the dining room, where they were served.

The honoree's colors were carried out on the tea table which was served and yellow rose buds formed the centerpiece for the service table which was covered with lace over white satin. A handsome silver tea service was used. Members of the house party in the dining room were Mesdames Frank L. Massie, W. Hale Davis, Emory Rhoads, Jr., W. T. Banks of Dallas, M. R. Sewell, George Gideon, and Misses Ruth McCulloch, Cora Annie Buchanan, and Lorena Morris.

Mrs. C. D. Greene greeted the guests at the head of the stairs and directed them to the display of gifts arranged in adjoining upstairs reception rooms. Mrs. Frank Murchison, Mrs. I. D. Hollar, and Mrs. Baxter Ross had charge of displaying the gifts. Upon leaving the guests registered at the bride's book in the den. Mrs. Judge Green was at the register.

Elaborate floral decorations were achieved throughout the home. Red roses predominated in the living room and pink ones were used in the upstairs rooms. The hostesses' gift to the honoree was a fine white wool blanket tied with a large ribbon of yellow satin. Her selected pattern in china was white with a gold border, and the blue and gold colors predominated in the household pottery ware with which she was presented.

## Mt. Zion B. T. U. Gives Party at Hinds Gym

Members of the Mt. Zion Baptist Training Union were entertained with a Halloween party in the gymnasium of the Hinds School Saturday evening. Approximately 100 people were present.

The meeting was opened with a devotional reading by Miss Doris Muller, and after a prayer by Charles Castleberry, the welcome address was given by F. C. Batterson. Games, contests, ghost stories, and fortune telling were enjoyed under the direction of Mrs. F. C. Batterson, Leroy Hardage, and Misses Dora Muller and Beryl Patterson.

Refreshments consisted of old-fashioned ginger cakes, coffee, cocoa, and apples.

## Social Calendar

**Tuesday.**

Mrs. T. E. Davis, 3529 Paradise Street, will be hostess to the T. E. L. Class of the First Baptist Sunday School Tuesday afternoon at 3 o'clock.

A program series on the "Modern American Drama" will be given at a meeting of the Junior Delphin Club Tuesday afternoon at 3 o'clock at the home of Mrs. H. D. Shive, 2314 Tolar Street.

**Wednesday.**

A November meeting of the Delphin Club will be held Wednesday afternoon at 3 o'clock at the home of Mrs. W. W. ... 2093 Paradise Street.

**Thursday.**

A meeting of the Wilbarger County Council of Parents-Teachers Associations will be held Thursday morning at 9:30 o'clock in the office of Mrs. Ruby Ripperton, R. N., County Health Nurse.

**Friday.**

The Fidelis Class of the First Baptist Sunday School will meet for their regular monthly business meeting and luncheon Friday at 1 p. m. at the home of Mrs. Buford McDougall, 2328 Mesquite Street. Mrs. E. A. Vernon and Mrs. J. N. Wright will be assistant hostesses.

**Saturday.**

The Wilbarger County Council of Parents-Teachers Associations will meet at the Five-One School Saturday morning at 10:30 o'clock. A covered dish luncheon will be served at the noon hour.

**ASSOCIATIONAL W. M. U.**

**WILL INSTALL OFFICERS**

Installation of officers will be held at a meeting of the Wilbarger County Baptist Association W. M. U. Tuesday afternoon at the Fargo Baptist Church. The meeting will follow adjournment of the general association meeting. Mrs. W. N. Martin will conduct the devotional for the afternoon.

## DINNER IS GIVEN FOR MISS RHOADS AT BOGER HOME

A dinner party honoring Miss Minerva Price Rhoads, bride-elect of Dr. Emory D. Hollar of Atlanta, Ga., was given at the home of Miss Margaret Boger, 2828 Paradise Street, Sunday evening. Other hostesses in addition to Miss Boger were Misses Ruth McCulloch and Miss Frances Murchison.

The honoree's chosen color scheme, blue and gold, was carried out in cornflowers and huge golden chrysanthemums. The table was laid with Madeira linen, and a three course dinner was served.

The hostesses' gifts to the honoree were companion pictures. The guests were Mesdames R. H. Hoffman, Emory Rhoads, Sr., Judge Green, Guy Hansard, R. B. Sherrill, Jr., Emory Rhoads, Jr., W. T. Banks of Dallas, and Misses Lorena Morris, Merle Allison, Nina Ruth Terrill, Cora Annie Buchanan, Mary Helen Moseley, the honoree, Miss Rhoads, and the hostesses, Misses Ruth McCulloch, Frances Murchison, and Margaret Boger.

## First Essay Entered in Tuberculosis Contests

Guinevere Dauley, an eighth grade student of Odell, is the first student to enter an essay in the contests being sponsored by the Wilbarger County Tuberculosis Association. The contest, a feature of the association's educational campaign, will close Dec. 5.

The first essay entrant points out the fact that 66 deaths of every 100,000 population in Texas in 1934 were due to tuberculosis. Her figures were secured from the Bureau of Vital Statistics in Austin.

Prizes are being offered for the best essays on tuberculosis written by students in three grade divisions—sixth-seventh, eighth-ninth, and tenth-eleventh. The first prize will be \$5 and others will be \$3, \$2, and \$1 in each grade division.

## Hinds Parent-Teacher Association Organized

The Hinds Parent-Teacher Association was organized Friday afternoon at the school with the following officers: Mrs. G. C. Sharp, president; Mrs. W. E. Muller, vice president; Mrs. F. C. Batterson, secretary; and Mrs. Chester Shultz, treasurer. Dues have been collected from about 25 persons in the community, about half of whom are men.

## MISS DOROTHY MANN NAMED ALPHA PSI OMEGA OFFICER

Miss Dorothy Mann, daughter of Mr. and Mrs. L. L. Mann of Vernon, has been elected grand director of Alpha Psi Omega, Tau Cast, national honorary dramatic fraternity at Texas Technological College, Lubbock. Miss Mann is a sophomore major in speech.

At present the chapter is rehearsing for their first major production of the school year, "Big-Hearted Herbert," and a number of others are being planned under Miss Mann's direction, according to word received here.

## SOUTH VERNON 4-R GIRL PLANTS MANY VEGETABLES

Oneta Ashley, South Vernon 4-H Club girl, reports that by extensive plantings she has 2,140 linear feet of vegetables in her club garden with total expenditures of only \$15.55. From her garden she has already earned 33 quarts of vegetables, in addition to supplying fresh vegetables for the family all through the Summer. She is making a salad bed for her Winter vegetables.

## LOCAL BRIEFS

Mrs. G. T. Morris and son, Tommy, are visiting relatives in Dalhart.

Mrs. Jimmy Gilliland of Wellington, spent the week-end in Vernon as the guest of Miss Margaret Boger.

Mrs. Betty Thomson of Crowell is visiting in the home of her daughter, Mrs. H. W. Norwood.

Miss Minnie Ferebee spent the week-end at the Centennial Exposition in Dallas.

Mr. and Mrs. R. E. L. Pattillo of Memphis, former Vernon residents, spent Sunday visiting friends in Vernon.

Mr. and Mrs. Clayton Messick and children, Bobby J. and Mary Jo, have returned from Dallas, where they attended the Texas Centennial Exposition.

Mr. and Mrs. Hardin C. Smith and daughter, Mary Elizabeth, of Denver, Colo., are visiting in the home of Mr. and Mrs. H. G. Leonard. Mrs. Smith is a sister of Mr. Leonard.

Miss Ruby Kneeller returned Sunday night from Childress, where she spent the week-end. Miss Mildred Brown of Childress accompanied her home for a visit in Vernon.

Misses Enid Gossett and Naomi Potet spent the week-end here with friends and relatives. Miss Gossett is a sister of Ed L. Gossett, and Miss Potet is a sister of M. G. Potet. Miss Gossett spent Sunday as a guest of Misses Jerry Walker and Grace Patterson.

Rev. and Mrs. John E. Eldridge left Sunday for Dallas, where they will visit relatives. They will also visit a daughter, Miss Suzanne Eldridge, a student at Southwestern University, Georgetown, before going to Houston, where they will attend an annual conference of the Methodist Episcopal Church, South.

## Basque-ing Under Spanish Influence

THE low basque waistline of this lovely evening gown, seen at New York's Rainbow Room recently, is typical of the Spanish influence on current fashions. Of shimmering black silk taffeta, it has an extremely full skirt, finished with a fluted border, dropped shoulder line, and jewelled ornament at the front of the bodice.

## Improvement of Yard Described By Demonstrator

A review of her past three years' work as yard demonstrator of the South Vernon Home Demonstration Club was given by Mrs. P. L. Ribble at the recent Yard Achievement Day observed by her club. Much credit for assistance and inspiration in the demonstration were given by Mrs. Ribble to Miss Doris Leggett, County Home Demonstration Agent.

A portion of Mrs. Ribble's informal report is as follows: "I think first of how we planned our yard to make it suit our kind of home and how we would like to use it. Miss Quash Jacks, then landscape specialist of the A. & M. College Extension Service, gave us this thought: 'Make it a yard to live in.' In studying my needs for a yard, I felt I wanted a place for rest, play, and entertainment."

## Sods Lawn First.

"When I began my yard work there was a mud hole by my back door. The soil is red clay and very sticky, and I started my work by filling in and sodding the lawn. Then I planted trees, shrubs, and built a walk, flower beds, and a lilypond. In buying furnishings I purchased a glider, some lawn chairs, and then renovated some fiber chairs, none of which would have to be brought out and returned to the house."

"Many of the plants were given to me and some I raised from cuttings. I have traveled a great many miles in gathering the plants; some are from Denton, Wichita Falls, Oklahoma City, Waxahatchie, Crowell, Fort Worth, Petrolia, and other places. I gathered the wild specimens—the dusty miller from the hills between Crowell and Paducah, violets from the woods near Graham, and salt cedar from Lake Kemp. Aided Friends.

"Another pleasure I have received from my garden has been the ability to give my plants and cuttings to 17 non-club members this year in addition to assisting club cooperators. I have given away 42 bouquets, gathered more than 100 for my own home, and furnished corsages for three parties."

"The members of our club have cooperated with me in this work. Ninety per cent of them have sodded lawns, made walks, and planted trees and shrubs. The cost of my yard has been very little. The chief cost was work, and my family and I did not think of it as work. We have learned much about plant life as to names, culture, and arrangement of color and variety. And, too, I have found that flowers are like good company; we cannot be associated with them continually without great benefit. I have been more than rewarded for my efforts."

## 'BETTER KITCHENS' CAMPAIGN BEGUN BY COUNTY CLUBS

A campaign for making the kitchen a sanitary food workshop and a place where the every day tasks can be done easily, quickly, and pleasantly is being launched in Wilbarger County Home Demonstration Clubs this month.

Kitchen demonstrators already elected are Mesdames C. H. Price, Southwest; Oren Carpenter, East Vernon; Ed Preece, South Vernon; and Bruce Gillis, Eastside. Others will be named at November club meetings.

Good ventilation, sunshine, screens, easily cleaned walls and wood work, sanitary disposal of garbage, running water, refrigeration, and efficient arrangement of equipment, and a pleasing color scheme are the things for which the women will work.

Mrs. Weaver Phillips and Mrs. Mance Phillips of Fargo spent Thursday in Altus, Okla.

## HOSPITAL BRIEFS

Mr. and Mrs. Fay E. Eggleston announced Sunday the birth of a son.

Miss Fay Rushing was admitted Saturday for medical treatment.

Mrs. John Fletcher has been admitted for medical treatment.

## JUNIOR DELPHIANS COMPLETE SERIES ON AMERICAN DRAMA

The third and last of a series of programs on the "Modern American Drama" will be given at a meeting of the Junior Delphin Club Tuesday at the home of Mrs. H. D. Shive, 2314 Tolar Street. Mrs. Marvin McCree has been named leader of the program.

Mrs. James Pace will conduct a better English drill, and program topics will be as follows: "Playwrights: Robert E. Sherwood, Sidney Kingsley, and Samuel and Bella Spewack," Mrs. McCree; and a review of the play, "Boy Meets Girl," (Spewack), Mrs. B. T. Juvenal.

## BITES SET AT WICHITA FALLS FOR ABILENE INSURANCE MAN

Abilene, Nov. 2. (AP)—Funeral for Carl C. Hampton, 41, Abilene insurance man who died here Sunday afternoon, will be held Tuesday afternoon in Wichita Falls, his former home. The body will be shipped to Wichita Falls at 6 a. m. Tuesday.

Mr. Hampton was stricken last Tuesday afternoon in his office and was taken to his home. Early in the night he was moved to the hospital. He was supervisor of the Abilene District for the American National Life Insurance Company, with which he had been connected for 10 years. Last June he was transferred to Abilene from the Fort Worth office.

## STRIKE INEFFECTIVE AS BEAUMONT MEN LOAD SHIPS

Beaumont, Nov. 2. (AP)—While pickets of the Port Arthur seamen's union patrolled the Municipal and Magnolia Refinery docks Monday, two tankers and two dry cargo vessels were loading cargo. The strikers claimed crews of all vessels joining them in the strike but ship operators said only a few from each ship had joined the striking ranks.

The tankers Brilliant, the crew of which was claimed by the strikers, sailed for the Atlantic Coast Monday morning.

## COTTON USE CONFERENCE CALLED AT WACO NOV. 19-20

Longview, Texas, Nov. 2. (AP)—Curtis Morris, assistant manager of the East Texas Chamber of Commerce said his organization and others would sponsor a conference at Waco Nov. 19 and 20 to discuss cotton improvement, modern production methods and new uses for the staple.

He said the Texas experiment station and the A. & M. College Extension Service would jointly sponsor the meet with the East Texas Chamber.

## ELLIOTT ROOSEVELT TO GET RETURNS BY RADIO

Fort Worth, Nov. 2. (AP)—It will be hard to find in Texas Tuesday night a group listening to election returns with more concern than one family near this city.

The Elliott Roosevelt family will tune in early to listen anxiously for results at their country home near Benbrook, Mr. and Mrs. Elliott Roosevelt will motor to Benbrook first thing Tuesday morning to cast their votes in the basement of the Benbrook Church.

The son of the President said Monday that he did not plan to be in touch with the White House by telephone until after the election.

## 4-H Club To Meet.

The Farmers Valley Girls' 4-H Club will meet in regular session Thursday at the Farmers Valley School. Members have been requested to turn in their histories and aprons for checking.

## SHEEP RANCHING URGED AS CAREER FOR WOMEN

Helena, Mont., Nov. 2. (AP)—Go West, young woman, and run a sheep ranch, pert, blonde Mrs. Hatheien Nielsen advised Monday.

"It's not a crazy idea, I mean it," the attractive secretary-treasurer of the Montana Wool Growers' Association insisted.

"Obviously, I don't mean all young women. I'm talking about some of those intelligent, well-equipped Eastern college women, who happen to be just plain bored, or who are seeking an interesting career, with profits.

"I think a lot of them could come out here and make a go of sheep ranching. Lots of Montana women are doing it and liking it."

Mrs. Nielsen backs her theory with her own dollars. She recently bought some purebred sheep, and a friend is running them for her on a Southwestern Montana ranch.

"It's a small start, but someday I hope to have a real herd and a ranch of my own."

Women ranchers, she explained, can't do the ranch labor men perform, "but intelligent women, with enough resources to make a start, have every reason to hope for success in sheep ranching. If they'd go at it the same way they go at becoming successful in a lot of other business enterprises."

LIONS IDLE THIS WEEK BOBCAT-COYOTE CONTEST FEATURES PROGRAM IN DISTRICT 2-A

The Vernon High School Lions will be without a football game this week for the first time since they opened the 1936 season on Sept. 19. Their next game will be with the Quannah Indians on Wednesday, Nov. 11, at Quannah. Following that contest, the final scheduled game will be played Thanksgiving with the Wichita Falls Coyotes at the City Park Stadium. Quannah and Electra also have open dates this week.

Two 2-A conference games will be played this week with the Wichita Falls-Childrens encounter at Wichita Falls Friday night featuring competition in Northwest Texas. Graham will play at Olney in the other game. The Bobcats of Childrens are now on top in the district standing with two wins in two games. Wichita Falls is second with two victories and a tie. Olney is tied for third place with Electra as a result of one victory and two ties, while the Steers of Graham are in the cellar with three losses in as many games.

Vernon took undisputed possession of fifth place following its 12-6 loss to Childrens last week. Quannah remained in sixth place after losing, 14 to 12, to Electra. Wichita Falls beat Sherman, 7 to 6, in a non-conference battle. Olney and Graham were idle. However their "B" teams played, with Olney winning, 7 to 6.

Conference Standings

Team	G	W	L	T	Pct.
Childrens	2	2	0	0	1.000
Wichita Falls	3	2	0	1	.833
Olney	3	1	0	2	.666
Electra	3	2	1	0	.666
Vernon	4	1	2	1	.350
Quannah	4	1	3	0	.250
Graham	3	0	3	0	.000

Games This Week. Childrens at Wichita Falls. Graham at Olney. Vernon, Quannah, and Electra, idle.

Results Last Week. xChildrens 12, Vernon 6. xElectra 14, Quannah 12. Wichita Falls 7, Sherman 6. Olney and Graham, idle. xConference games.

ARLINGTON DOWNS OPENS SECOND WEEK OF RACING

Arlington Downs, Nov. 2.—With the new deluxe electrically controlled totallizer now functioning 100 per cent, the weather man in a grand and glorious mood, fields getting larger and better, and the racing strip at Arlington Downs at concert pitch, the Texas Jockey Club Monday swings into the second full week of its pretentious Fall meeting of 23 racing days, and there is every indication that the tremendous patronage the meeting has thus far received will be continued.

Outstanding in the stakes to be run off during the coming week is the 1936 renewal of the Southwest Breeders' Futurity, really, the first running of this classic in that previously it was known as the Texas Breeders' Futurity and restricted to Texas bred horses, but this year is open to thoroughbreds foaled in Oklahoma or Texas.

HARLINGEN RACE DATES IN HANDS OF COMMISSION

Austin, Nov. 2. (AP)—Mrs. E. H. Thwaitt, secretary to the Racing Commission, said a hearing on application for race meet dates at Harlingen would be held here Nov. 4. A protest was expected from J. A. Statte of San Antonio, operator of the newly-built track at New Braunfels, who has applied for dates Nov. 26 to Dec. 12. The Harlingen application, filed by Ford Corkoran, was for Dec. 2 to 19, inclusive, which would conflict with the New Braunfels dates.

NASAL IRRITATION due to colds. Relieve the dryness and irritation by applying Mentholum night and morning. MENTHOLATUM Gives COMFORT Daily

INSURANCE NOT PAST SAVING! You still have opportunity to avoid loss by Fire through Insurance. Fire has not reached you yet, but this warning reminder has! Fire comes to somebody every hour of day and night. If it visits you it may come too soon for this reminder to be of benefit. It is not wise to delay. We are ready to serve you now.

MATNEY ACTION DUPLICATED BY LION CENTER

"Jiggs" Childress' surprising action in snatching the ball from the arms of an opposing back and then racing 45 yards for the first touchdown of the Vernon-Childrens game Friday night duplicated a play in the game last April between ex-Lions and 1936 candidates. Carl Matney, a regular back with the freshman team at West Texas State, captured the ball from the arms of Charlie Smith and ran 25 yards early in the first quarter for the initial touchdown. The exes won the contest, 20 to 6. The lesson from Matney's action probably played a large part in the touchdown run that caught the Bobcats flat-footed just as it did against the 1936 crew last Spring.

Grid Season Nears End. In the minds of most fans, a football season is the slowest in getting started and the quickest to end of any period in the year. Only two games remain on the Lion schedule for 1936—a clash with the Quannah Indians at Quannah, Nov. 11, and the Thanksgiving game here with the Wichita Falls Coyotes. In the seven games played to date, Vernon has won four, lost two and tied one and have made 98 points to 25 for opponents. Childrens, Electra and Altus are the only teams that have crossed the Lion goal. Electra and Altus made one touchdown each and Childrens two. The only 2-A team with a better defensive record, so far as points are concerned, is Olney. Twelve points have been scored against the Cubs, six each by Neoma and Wichita Falls. Olney has 69 points to its credit.

Down. A long shot on a Texas victory over S. M. U. flopped—Chilliothe's Eagles surprised the whole district and even themselves in beating Seymour, 7 to 6—Wichita Falls beat Sherman by the same score—the Smithless and Nixonless Lions lost in the final minutes to Childrens, 12 to 6—Arkansas kicked a mighty drive in the deep bucket by walloping the Texas Aggies—and the result was the lowest of lows in The Record's predictions on the outcome of football games last week. The percentage was 44. For the season, 56.5 winners in 84 games have been picked for an average of .673. Last week's results, with predictions in parentheses, follow: Childrens 12, Vernon 6 (7-9); Electra 14, Quannah 12 (19-6); Barkburnett 33, Crowell 12 (19-6); Chilliothe 7, Seymour 6 (20-1); S. M. U. 14, Texas 7 (14-19); T. C. U. 28, Baylor 6 (13-9); Arkansas 18, A. & M. 6 (13-20); Rice 12, George Washington 6 (7-9).

PLANS COMPLETE FOR QUANAH TURKEY SHOOT

Quanah, Nov. 2.—Preparations are virtually complete here for the Northwest Texas first annual Turkey Shoot, which will be held on the Quanah Rifle Club's range Sunday, Nov. 8. Club officials are expecting an entry list of approximately 500, and have purchased some 300 turkeys to be awarded as prizes. The marksmen will compete in three main divisions, using rifles, pistols, and shotguns. Several classes are to be arranged in each division to assure contestants competition on a basis as nearly equal as possible. For the most part, the classes will consist of not more than 10 contestants, hence the large number of turkeys expected to be awarded as prizes. While a number of the outstanding marksmen of this section have notified the club secretary, R. G. Warner, of their intention to compete, an extraordinarily large number of unskilled marksmen are showing interest in the fete. Many farmers of the immediate area as well as business men have entered with apparent designs that give consideration to the Thanksgiving menu.

ART BUCK TAKES LEAD AS NEW SCORING ACE

New York, Nov. 2. (AP)—A new national scoring leader bounced into the national picture during the past week to take the top place from ball toters who had been receiving more publicity. Art Buck, ace of the undefeated Carroll College team of Waukesha, Wis., emerged from obscurity to take his place at the head of the pigskin parade with a total of 92 points in six games. He shook off all danger of being overhauled when he tallied 19 points against Oshkosh Teachers Saturday.

TEXAS PORTS CLOSED BY SYMPATHETIC MARITIME STRIKES Houston, Nov. 2. (AP)—Two Texas ports felt the effects Saturday of the Pacific Coast waterfront strike while seamen at two others awaited developments in the maritime tie-up. The "rank and file" of the International Seamen's Union voted here to strike in sympathy with the West Coast walk-out and at Port Arthur crews of two tankers left their ships in sympathetic strikes. No effects had been felt at Galveston or Corpus Christi.

WOODUL REVOKES ORDER IN EXTRADITION CASE Austin, Nov. 2. (AP)—Acting Governor Walter Woodul Saturday revoked a previous order granting extradition of Frank Whitaker of Houston, wanted in Atlanta, Ga., on a charge of kidnapping his seven-year-old son. Woodul said Whitaker was not a criminal and that the trouble arose from a "misunderstanding." "The father has agreed to send the child back to his mother in Atlanta," the acting Chief Executive said. "Then the parents will try to work out a satisfactory agreement relative to the boy's custody. If they cannot agree, a court can settle the matter, after a hearing."

TEXAS MEETS T. C. U. FROGS

PONIES IN SPOTLIGHT OF FAVOR IN SOUTHWEST GRID CAMPAIGN

A week-end marked by the return of Texas Christian University's Horned Frogs to the championship race and the Southern Methodist University Mustangs definitely cast into the spotlight of favor-favored Southwest Conference play. The Frogs defeated the Baylor University Bears, 28 to 0, with Baugh and Company's passes bewildering the Bruins. T. C. U. prepared to clear the way today for another conference test Saturday with the University of Texas Longhorns. The game will be a feature of homecoming day at T. C. U.

The Steers lost their third consecutive game to the Mustangs Saturday, 14 to 7. Aerial wizardry and powerhouse ground tactics provided the Mustang victory, emphasized by a 61-yard drive for the second and final score in the final period. The Baylor Bears step out of conference competition this week to entertain the Oklahoma City University eleven at Waco. The Sooner Gold-bugs last week defeated St. Mary's of San Antonio, 12 to 7. The Bears this week will spend some time in ironing out fumble worries which aided the Frogs to victory at Fort Worth Saturday.

Texas A. & M. this week journeys to Dallas to meet the powerful Mustangs on home territory. The Aggies loss to Arkansas' Razorbacks last week, 18 to 0, gave the Farmers their first defeat of the season at the hands of a three-defeated eleven. The Parkers took to the air to rout the Aggies who failed to get inside of the Arkansas' 18-yard line, meeting a capable defense by a team which suddenly returned to early season form.

The Parkers this week entertain the Rice Owls at Fayetteville, also a homecoming affair. The Owls took their third straight victory Saturday in defeating the previously undefeated George Washington University Colonials, 12 to 6.

PLANS FOR DEVELOPMENT OF TEXAS FORESTS MADE

Washington, Nov. 2. (AP)—Through creation of four national forests, the Government hopes eventually to effect full development of 1,400 acres of Texas forest into productive timber lands. President Roosevelt recently gave a national forest status to four tracts—Sam Houston, Davy Crockett, Sabine, Angelina—and the Forest Service said its preservation program would be directed by L. L. Bishop, its Texas supervisor. About half of the total acreage has been acquired. The Forest Service gave the following descriptions of the tracts: Angelina—338,000 acres, of which 135 have been acquired. Located in Angelina, Jasper, Nacogdoches, and San Augustine counties about 25 miles east of Lufkin. Commercial logging in the last 50 years removed most of the virgin timber, about 90 per cent having been cut over. Plans call for workmen to replant about one-fourth of the area to pine. Sabine—439,600 acres. Located in Sabine, Shelby, and San Augustine counties. Formerly was national forest purchase unit authorized in 1934. Fire protection will be extended. Roads and trails built and a general "continuing yield forest management" will be inaugurated. San Houston—491,800 acres in San Jacinto, Walker, and Montgomery counties at the headwaters of the San Jacinto River. Logging operations have removed most virgin timber. Besides restocking natural timber, forest service plans to develop recreational facilities, especially hunt ing.

POPE SEEKS NO CAUSE FOR CONFLICT WITH SCIENCE

Vatican City, Nov. 2. (AP)—Modern science and divine revelation have no cause for conflict, Pope Pius declared here in instituting a Pontifical Academy of Sciences. Ordering the foundation of the new international institution, Pope Pius published a decree stating: "In our times in the scientific world, the tendency towards religion is becoming ever more pronounced. Science, in fact, never finds itself in contradiction with the truth of the Christian faith." "The council of the Vatican has solemnly asserted that science and faith are not in conflict but that they render each other mutual assistance."

NORMAN THOMAS BLAMES EMPLOYERS IN COAST STRIKE Schenectady, N. Y., Nov. 2. (AP)—Norman Thomas, Socialist candidate for President, asserted at a rally here that the West Coast shipping strike was the result of "the stubborn desire of the employers to break any effective union." The nominee addressed a Socialist meeting Friday night and planned to speak Saturday at Union College. Thomas said Governor Alfred M. Landon, the Republican presidential candidate, was the "spokesman for business interests fanatically eager to maintain their power and profits."

EARLY TEXAS TRIPS TRACED

DATE OF FIRST EFFORT TO SETTLE REGION SET IN 1520

Austin, Nov. 2. (AP)—Evidence pushing back the first visit of white men to Texas shores eight years before the arrival of Cabeza de Vaca in 1528, is brought out by Dr. Carlos E. Castaneda, Latin-American librarian of the University of Texas. First European attempt to settle Texas was in 1520, at the mouth of the Rio Grande, when Alonso Alvarez de Pineda sailed along the Gulf Coast, and made a remarkably accurate map of the region, Dr. Castaneda says.

Dr. Castaneda recently published two volumes of his projected seven-volume history of the Catholic Church of this region. The initial volumes contain a selection of documented data which throws new light on the hitherto uncharted period of Texas history.

Material for the volumes, Dr. Castaneda says, is taken almost entirely from unpublished manuscripts in archives of Spain, France, Mexico, and in the Library of Congress and the University of Texas.

Other findings in Dr. Castaneda's history include: The region now known as Texas had a royal Governor, under appointment of the King of Spain, as early as 1528.

Dr. Castaneda believes Quivira, for which Coronado sought, is in the northeast corner of the Panhandle, proving Coronado never left the boundaries of Texas in his search for the seven cities of Cibola. The charge of De Soto's followers after the latter's death in 1525, from the Mississippi westward, passed through the present site of Dallas and continued westward by way of Wichita Falls. He cites that this is the sole claim of the city of Dallas to a place in the history of old Texas.

First missions were officially settled, not in East Texas, but at El Paso. A mission was established at Yuleta in 1680, and three others in the immediate vicinity before 1682. The Tigua Indians of Yuleta were the oldest settlers in Texas, he says, and some of their descendants reside in that town.

LOWDOWN ON GRID POOL IS GIVEN BY PROFESSOR

Atlanta, Nov. 2. (AP)—The common football pool emerged the loser in a match with a mathematician's pencil. Dr. R. A. Hefner of Georgia Tech's mathematics staff, whose hobbies include dissecting the law of averages, was handed a typical pool ticket listing seven close games for the week. On the ticket, the purchaser is admonished that "all teams selected must win" and invited to pick from four to seven of them. If he picks four—and they all win—he is paid 7 for 1 on his bet; if five, 10 for 1; if six, 20 for 1, and if all seven, 25 for 1. "Well," he said, "there are 16 possible ways to lose and only one to win on the first set—the four team one—assuming the teams are evenly matched. That means that over a long period of time a player will lose 15 times for every time he wins. For him to break even, the odds should be 15 to 1—not seven."

GREEN BAY PACKERS STOP CHICAGO BEARS, 21-10

Chicago, Nov. 2. (AP)—Thanks to the colorful and powerful Green Bay Packers, the National Professional Football League's Western Division race was a "loss up" affair today. The Packers defeated the Chicago Bears 21 to 0 Sunday. The defeat was the Bears' first in seven games and left them tied with the Packers in the western section race at six wins each, one defeat and no ties. Detroit's Lions took another defeat, New York trimming them 14-7. Pittsburgh stayed in the running for the Eastern title by downing Brooklyn 10 to 7, and Boston used passes to good advantage to trim Chicago's hapless Cardinals. It was the seventh defeat in as many starts for the Cards.

FOOTBALL STARS

(By the Associated Press) Dewitt Gibson and Steve Teth, Northwestern—Gibson recovered Minnesota fumble on 13-yard line, paving way for Teth to score touchdown that ended Gophers' winning streak. Dick Docherty, Temple—Kicked 29-yard field goal to beat Holy Cross, 3-0. Sammy Baugh, Texas Christian—Heaved three touchdown passes in 28-0 rout of Baylor. Milt Popovich, Montana—Ran 102 yards to score against Oregon State. Bob Stuart and Art Oakes, Harvard—Their last-minute passes enabled Crimson to tie Princeton, 14-14. Joe Riley, Alabama—Made touchdown runs of 27 and 21 yards to beat Kentucky, 14-0. Dwight Sloan, Arkansas—Passed for two touchdowns in 18-0 upset of Texas A. & M. Plainview Show Set. Plainview, Texas, Nov. 2. (AP)—Directors of the Panhandle Plains dairy show have decided to hold its 10th annual show in Plainview April 21-24. The judge of the show will be named later by the executive committee. Metal hose that is strong as well as flexible, capable of supporting over 7,000 pounds of weight, can be made of monel metal. A group of British scientists have formed a Society for the Study of Alchemy because of the historic interest the subject has for chemists.

FOOTBALL RESULTS

NORTH DALLAS ASKS GAME WITH STRONG TEXAS TEAM

Dallas, Nov. 2. (AP)—Coach Potts Anderson of North Dallas High School, one of the few undefeated, untied schoolboy football teams in Texas, has issued a challenge to any team in the State—except Amarillo—for a game next week-end. "We want a game away from home with some strong team, the stronger the better," Anderson said. "We'll play anyone except the State Champion Amarillo Sandies." North Dallas was originally scheduled to play Forest of Dallas next Friday but the game was reset to a later date.

FREEZING WEATHER TOMORROW

PROTECT YOUR CAR WITH "ZERONE" TODAY

Even at 215° below . . . ZERONE protects! REG. U.S. PAT. OFF.

AMAZING laboratory tests prove that "Zerone" can keep water from freezing even at 215° below zero. So you can be sure it won't take much "Zerone" to protect your car radiator in the coldest weather you'll ever meet. "Zerone" also prevents rust and actually improves engine performance all year around. Look today for the blue and yellow banner that marks the "Zerone" dealer in your neighborhood. HIGH SCHOOL RACE NARROWS EIGHT UNBEATEN, UNTIED TEAMS IN SCHOOLBOY TITLE CHASE

Dallas, Nov. 2. (AP)—Texas Inter-scholastic League football teams called on all their resources Monday as they prepared for the stretch drive in a campaign that has reached the point where it's "do or die." Eight teams remained unbeaten and untied as the season made the turn into November with its traditional battles and championship struggles. "Who will stop Amarillo's Golden Sandstorm?" was still the cry, though the teams were immediately concerned with last ditch fights for district championships.

The defending State Champions opened their conference drive last week by smashing Plainview 66-0, Lubbock, though remaining unbeaten by taking out Borger 22-0, and the Pampa Harvesters, who always fight hardest against Amarillo, did not appear to offer the usual strong competition. The battle simmered, according to dope and comparative scores, which are often the opposite index, to the following district results: Amarillo in the Panhandle, Wichita Falls or Childrens in District 2, San Angelo in District 3, El Paso High or Austin (El Paso) in District 4, Gainesville in District 5, Greenville or McKinney in District 6, North Side or Polytex in the Fort Worth District, North Dallas or Dallas Tech in District 8, Gladewater or Longview in District 9, Lufkin in District 10, Hillsboro or Cleburne in District 11, Kerrville in District 12, Sam Houston or John Reagan in the Houston District, Port Arthur or Beaumont in District 14, Corpus Christi in District 15 and Edinburg in District 16.

Brown 38, Tufts 7. Ohio 10, Cincinnati 7. North Carolina 24, North Carolina State 6. Purdue 7, Carnegie Tech 6. Columbia 20, Cornell 13. Bucknell 6, Villanova 0. N. Y. U. 46, Lafayette 0. Duke 51, Washington & Lee 0. Clemson 14, Georgia Tech 13. Tennessee 46, Georgia 6. Indiana 13, Iowa 6. Kentucky 0, Alabama 14. Oklahoma 7, Iowa State 7. Missouri 0-0, Nebraska 7-20.

NORTH DALLAS ASKS GAME WITH STRONG TEXAS TEAM

Dallas, Nov. 2. (AP)—Coach Potts Anderson of North Dallas High School, one of the few undefeated, untied schoolboy football teams in Texas, has issued a challenge to any team in the State—except Amarillo—for a game next week-end. "We want a game away from home with some strong team, the stronger the better," Anderson said. "We'll play anyone except the State Champion Amarillo Sandies." North Dallas was originally scheduled to play Forest of Dallas next Friday but the game was reset to a later date.

LOCKETT AND ODELL CAGE CONTEST IS FEATURE

A game Friday night at South Lockett between the undefeated Odell and South Lockett basketball teams is the highlight on the schedule this week in the Western Division of the Red River-Wichita Valley League. The Lockett cagers beat Oklaunion, 47 to 16, last week. Odell was idle in conference competition. Five-in-One is the third team in the race with a perfect record. Last week the team won its third victory in as many games by defeating King High School. Oklaunion will play at Five-in-One this week. Northside nosed out Thalia, 25 to 24, in winning its first game in three starts. The game was played in Thalia's new gymnasium. Northside plays at King this week. Thalia is idle.

Standing.

Teams—	G	W	L	Pct.
South Lockett	4	4	0	1.000
Odell	3	3	0	1.000
Five-in-One	3	3	0	1.000
Oklaunion	3	1	2	.333
Northside	3	1	2	.333
Thalia	4	0	4	.000
King	4	0	4	.000

Games This Week. Odell at South Lockett. Oklaunion at Five-in-One. Northside at King.

Results This Week. Northside 25, Thalia 24. South Lockett 47, Oklaunion 16. Five-in-One beat King.

Week-end Reduces Unbeaten, Untied Teams of Country

New York, Nov. 2. (AP)—The stormy end of October, bringing an "upset" blast to the nation's grillions left only 19 football teams, large and small, in the undefeated and untied class Monday. The number of survivors just equals the number that were removed from the list over the past week-end. Such outstanding outfits as Minnesota, undefeated in 23 previous contests, Army, Yale, Holy Cross and Villanova suffered their initial setbacks. Fordham and Utah State among the "major" teams were tied. Remaining to face the risk of further upsets were Northwestern, the only unbeaten and untied team in any of the country's major conferences, Marquette and Santa Clara, which also play in "big league" circles, and Western Reserve and North Dakota, whose rating is not too far behind. The rest of the survivors are in the "minor" class without argument. The nation's undefeated and untied teams are Western Reserve; North Dakota, Appalachian (N. C.), Carroll (Wis.), Kansas Wesleyan, Santa Barbara State, East Texas Teachers, East Tennessee Teachers, Middlebury, Cortland (N. Y.), Teachers, Shippensburg (Pa.) Teachers, St. Benedict (Kan.), Northwestern, Marquette, Santa Clara, Kirkville (Mo.) Teachers, Arkansas State Teachers, and St. Anslem (N. H.).

Cy Long's STORE VERNON, TEXAS FOR MEN FOR BOYS

## MRS. KENNY CLAIMS LEAD

REGISTRATION OF BABIES BELIEVED PROPER WITH WRONG SPELLING

Toronto, Nov. 2. (AP)—Upon the differences between a "K" and a "K" may hang \$500,000 and the hopes of half a dozen champion childbearers.

While the five other apparent joint winners of the Millar baby race fortune were receiving congratulations Monday and planning what to do with their shares, the sixth, Mrs. Lily Kenny, announced her two "missing babies" had been found, properly registered at the Bureau of Vital Statistics.

It is just a matter of spelling, Mrs. Kenny said. The infants were registered as offspring of "Mrs. Cenny."

"This definitely proves that Mrs. Kenny is the sole winner of the prize for childbearing under the terms of the late Charles Vance Millar's will," her counsel said.

"There was never any question about her being the mother of nine eligible babies, the same as the other five mothers claim. With this proof of the two other births her total goes to eleven—and that's the top."

Mrs. Kenny spoke very forcibly about what she would do next Friday if Mr. Justice Middleton fails to declare her sole winner of the stork derby.

"If he says I've got to divide that money with those other mothers, I'll slap his face," the sturdy French-Canadian mother said.

Mrs. Kenny is one of 14 mothers who have been asked to appear Friday and prove their claims to the money the eccentric lawyers bequeathed to the most prolific mother in Toronto.

## MRS. SEVIER PREDICTS BIG DEMOCRATIC LEAD

Corpus Christi, Nov. 2. (AP)—Mrs. Clara Driscoll Sevier of Corpus Christi, Democratic National committeewoman for Texas, predicts an overwhelming majority for President Roosevelt and Vice President Garner, and urged Texas Democrats to "vote the ticket straight, let nothing prevent" in Tuesday's election.

"Texas can return a banner Democratic majority and at the same time remain subordinate to other commonwealths in its number of delegates and its voice in the selection of a standard bearer and in the shaping of the platform and policies for the next presidential campaign," Mrs. Sevier declared here.

"There should be a healthy, friendly rivalry between our various counties in the matter of voting power in the forthcoming State conventions."

## NAVY VETERAN TO JOIN IN ARMISTICE DAY PARADE

Houston, Nov. 2. (AP)—Edward (Dad) Welch, 74, regarded the oldest man to enlist in the U. S. Navy for World War service, will take part in the annual Armistice Day parade here. The veteran recently attended the annual convention of the Veterans of Foreign Wars at Denver, where he joined the new white the United States entered the war. During the war he served in the military and was stationed near the native village of his parents on the coast of Ireland.

## BRIDE'S MOTHER, 92, SEES GOLDEN WEDDING EVENT

Houston, Nov. 2. (AP)—When Mr. and Mrs. J. W. Wilkinson celebrated their golden wedding anniversary the other day, the "bride's" 92-year-old mother, Mrs. Fanny McLenore, was present. Present also were two bridesmaids, Mrs. Rosa Titcher Spencer of Dallas and Mrs. Lily Wilkinson Thompson of Jackson, Miss.

## Profit at Fair.

Centerville, Nov. 2. (AP)—Bernard Chandler paid Hart Jackson 35 cents for a rooster just before the opening of the Leon County Fair. Chandler exhibited his rooster at the fair. It won a 50-cent prize. Chandler figured his profit: one rooster and 15 cents.

Samp is an Indian food made from corn.

## Stomach Gas So Bad Seems To Hurt Heart

"The gas on my stomach was so bad I could not eat or sleep. Even my heart seemed to hurt. A doctor suggested Adierka. The first dose brought me relief. Now I eat as I wish, sleep fine and never feel better," Mrs. Jas. F. Flier. Adierka acts on stomach and BOTH bowels.

"What now?" is Emilie's expression as she poises her spoon in one hand, her bread in the other. Something or someone has riveted her attention. Could it be the cameraman again?

## Correct Posture Held Essential To Good Health

Austin, Nov. 2.—Correct posture in school children, and adults as well, is necessary to proper physical and mental development, says a warning from the Texas State Department of Health. "Good posture is a sign of self respect and plays an important part in winning the respect of others," said Dr. John W. Brown, State Health Officer.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good physical condition and yet examination of large groups of school children show a high percentage to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Additional organs may also be pushed out of natural position, which may seriously interfere with their action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards."

"School children who have poor posture are said often to average lower in attendance and in school mental and physical activities than those who have good posture. A child may be forced to hold his body in an unusual position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet to rest on the floor and the forearms and hands to rest upon the tops without the shoulders being hunched up."

## C. V. TERRELL HONORED IN PROGRAM AT DENTON

Denton, Texas, Nov. 2. (AP)—Prominent Texans gathered here Monday for a program at the North Texas State Teachers College honoring Charles Vernon Terrell, Railroad Commissioner. A portrait of the honoree, painted by Julian Muench, was to be presented to the school by Clarence R. Wharton, of Houston, and accepted by R. A. Stuart, of Fort Worth, a member of the Board of Regents. Terrell's employees and friends made possible the gift.

Fred H. Minor of Denton, president. Programmed for short talks were John Thomas of Lawton, Okla., A. C. Owsley of Denton, Herman Jones of Decatur, Dr. L. H. Reeves of Fort Worth, Grady Woodruff of Decatur, Bullock Hyder of Lewisville, Carl Estes of Longview, Colonel E. O. Thompson of Amarillo, McDonald Meachum of Houston, and Dr. W. J. McConnell, president of the college.

Terrell, a native of Wise County, aided in establishing the North Texas State Teachers College. He has been active in the State's political life for many years.

Day after day scientists are focusing their training and experience on the tubercle bacillus—the germ which causes tuberculosis. Christmas seals finance much of this vital research.

## WEATHER HANDICAP FOR VOTERS IS PREDICTION

Washington, Nov. 2. (AP)—Galoshes and rubbers will be in order for voters in many parts of the United States Tuesday, if the Weather Bureau's predictions are correct.

Wet weather is expected over much of the Nation east of the Rockies, with rain from the Northern New England border down to parts of the South, and inland to such States as Ohio and Kentucky.

Farther west snow is expected in several States, including perhaps Illinois, Wisconsin, Missouri, and Iowa. The forecast for the Far West and parts of the Midwest is "fair," though freezing cold is predicted for the Northwest area.

## UNITED STATES SET IN WACO FOR LAWYER CHARLES E. WITT

Waco, Nov. 2. (AP)—Funeral services were planned here Monday for Charles E. Witt, 57, brother of Edgar Witt, former Lieutenant Governor.

The attorney died Sunday. He came here from Fort Worth in 1914 to practice law with his brother.

Four brothers, Edgar of Waco, Dr. Guy Witt of Dallas, Leslie Witt of Houston, and Bertrand Witt of Austin, survive.

## SYMPATHY STRIKE ON GULF COAST SPREADS

Houston, Nov. 2. (AP)—A sympathy strike in support of Pacific Coast maritime workmen spread Monday at Gulf ports in this section. At least 18 ships were reported without crews. Six of the vessels were docked in Houston. The others were in the vicinity of Port Arthur and Beaumont, Texas, and Lake Charles, La.

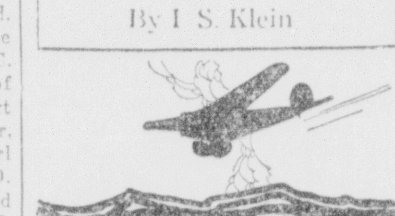

Pickets patrolled the waterfront at these ports. No violence was reported. Spokesmen for the strikers said pickets would seek to persuade longshoremen to remain away from their jobs as they reported for duty.

## Taylor Back to Coast.

Omaha, Neb., Nov. 2. (AP)—Robert Taylor, movie star, boarded an airliner here shortly after 1 a. m. Sunday to return to Hollywood after a short visit in Nebraska, his native State. Accompanying him were his mother, Mrs. Ruth Brugh of Beatrice, Neb., and two aides.

## Stamp News

By I. S. Klein

FRANCE next year will commemorate the tenth anniversary of Lindbergh's non-stop flight across the Atlantic with a special stamp. It will be issued in connection with the New York to Paris air derby scheduled for next May.

A proposal that may produce an innovation in stamp issues is that the Little Entente, comprising Czechoslovakia, Yugoslavia, and Rumania, issue a combined series of stamps, bearing the portraits of their rulers, President Benes, King Peter, and King Carol. The suggestion has been referred to a special meeting.

Switzerland has added two values to its regular series of stamps, and has reprinted the stamps in engraved form. Now there are nine stamps to a set. The same country also has issued a set of three values for the national defense loan, and is preparing another "Pro Juventute" series for charity.

No word yet about the forthcoming Army-Navy series, but the U. S. Postoffice Department promises to keep its pledge about issuing the stamps soon.

Greece is preparing another series of stamps bearing pictures of events in Greek history.

And the fourth centenary of the founding of Guayaquil, Ecuador, in 1537, will be remembered by a new series of Ecuador stamps next year.

## WICHITAN DIES IN CAR CRASH

TRUCK DRIVER MISSING IN FATAL COLLISION ON SLATON HIGHWAY

Lubbock, Nov. 2. (AP)—A man tentatively identified as Edwin Horlock, Wichita Falls, was injured fatally in a truck-automobile collision about 5 miles south of Slaton Monday morning.

J. B. Bunden, Lubbock, who carried the accident victim to a Slaton hospital, said the man told him his name was Paul Dask. Papers in the automobile led officers to believe that the victim was Edwin Horlock, about 26, a salesman for a Wichita Falls milling company, Mrs. Eugenia Horlock, Dallas, said the description of the man's body coincided with that of her son.

Driver of the truck was sought. Officers said he abandoned the machine, leaving the accident scene on foot.

Horlock's chest was crushed. Horlock checked out of a Lubbock hotel at 7:30 p. m. Sunday.

## T. C. GARDNER TO SPEAK AT B. T. U. SCHOOL HERE

Dr. T. C. Gardner of Dallas, State B. T. U. worker, will speak Tuesday evening at the First Baptist Church during the intermission period of a B. T. U. revival in progress at the church. He will speak from 7:55 to 8:15 o'clock.

Two hundred and sixty in attendance has been set as the goal for the course, and more than 200 were present at Sunday night's B. T. U. meetings, church officials said today. The school was preceded by a visitation program.

Mrs. A. Adamek of Smithville has been secured to assist with the direction of the course, and she will present a surprise program for the general assembly each evening from 7 to 7:10. Class periods will be from 7:10 to 7:55 and from 8:15 to 9. A varied inspirational and informational intermission is being planned for 7:55 to 8:15 each evening.

## GALVESTON SEAMAN MAY JOIN IN COAST STRIKE

Galveston, Nov. 2. (AP)—Members of the International Seamen's Union here are expected to defy officials at a meeting of the West District of the Maritime Federation of the Gulf Monday night and join the strike in support of West Coast units as did men of the I. S. U. in Houston last week. Maritime workers from Port Arthur to Brownsville will attend the meeting.

The seamen act the strike will be extended here. No American ships were in port early Monday. Foreign vessels are not affected.

## DR. T. A. KING SPEAKS TO WILBARGER HEALTH BOARD

Dr. T. A. King will speak on "Syphilis" at a meeting of the Wilbarger County Health Committee Tuesday afternoon at 2:30 o'clock in the office of Mrs. Ruby Ripper-ton, R. N., County Health Nurse.

## Auxiliary Leaders Named.

Indianapolis, Ind., Nov. 2. (AP)—The national executive committee of the American Legion Auxiliary announces appointment of Mrs. Frank H. Carpenter of Sour Lake, Texas, to the national Finance committee, and Mrs. Tillman Jones of Post, Texas, to the national committee on education of war orphans, for 1937.

## Movie Magic

Scenes only mentioned in the original stage production are shown in all their magnificent simplicity in the screen version of Marc Connelly's Pulitzer Prize winning play "The Green Pasture," the Warner Bros. picture playing at the Vernon Theater Tuesday and Wednesday. There are more than 800 players in the film, which requires 111 speaking parts. Many of the elaborate scenes taxed the resources of even the Warner Bros. studios.

## TURKEY PRICES REVEAL DROP ON CHICAGO MARKET

Chicago, Nov. 2. (AP)—His majesty, the big brown turkey on this year's Thanksgiving table, may be 4 to 8 per cent cheaper than a year ago if the current price relationship on the Chicago wholesale market remains unchanged.

Comparison of turkey prices on the week-old dressed market Monday showed 1 to 2 cents a pound has been lapped off of the bird's value since the 1935 season.

The largest turkey crop on record is now being fattened for the Fall and Winter trade poultry authorities said. This, in addition to the fact that there is a heavy supply of other poultry in storage, was largely responsible for the lower price, they said.

## THREE DIE IN SNOW STORM

INJURY LIST PLACED AT 26 AS UTAH AND IDAHO HIT BY COLD WAVE

Salt Lake City, Nov. 2. (AP)—Three deaths and many injuries were the toll of a heavy snowstorm that swept over Utah and Idaho Sunday and showed no sign of abating Monday.

The dead: George Waters, 14, struck by a snow-blinded motorist while cycling in Salt Lake City.

Clarence Orr, 54, mine superintendent, killed when his automobile skidded from the road and overturned near Price, in Central Utah.

Robert Lee, 17, Springfield, struck by an automobile as he stopped at the scene of an accident near Payson, also in Central Utah.

At least 26 persons were injured in similar mishaps, all due directly to the storm.

Drizzling rain which started Sunday afternoon changed, with declining temperatures, to sleet and snow which blanketed most of Northern Utah, Southeastern Idaho and Western Wyoming.

## U. S. FREIGHTER LEFT ON ROCKS ON ENGLISH COAST

London, Nov. 2. (AP)—With her back broken, rammed hard on the rocks at Penderina Point, the 5,685-ton American freighter Bessmer City, of New York, was abandoned to pounding seas Monday. A life boat from St. Ives, three miles west of Penderina Point, rescued the last 23 members of the crew early Monday after 10 others had been taken ashore earlier, including the ship's mascot, a cat.

The ship was reported breaking up.

A farmer who heard the ship crash onto the rocks phoned the St. Ives lifeboat station to effect the rescue.

The freighter was bound from Seattle for Liverpool.

## DEMOCRATIC VICTORY IN IOWA SEEN BY M'FARLANE

Graham, Nov. 2.—Predictions that Iowa and Oklahoma would return majorities for the Democratic ticket in Tuesday's election and that Kansas, home of the Republican nominee, would go Democratic by a close majority were contained in word received here Monday from Representative W. D. McFarlane.

Mr. McFarlane, representative from the Thirteenth Congressional District, was scheduled to speak twice in Iowa Monday under direction of the Democratic National Committee. He spent last week in Iowa and the week before in Oklahoma. He predicts a majority of 50,000 in Iowa and 100,000 in Oklahoma.

James A. Farley, Democratic Na-

## LIQUOR BOARD STAFF AT HOUSTON MAKES RAIDS

Houston, Nov. 2. (AP)—O. W. Houchins, chief of the State Liquor Control Board unit here, sought injunctions Monday against a number of establishments after week-end raids. In a series of swift raids, coming after 72 Galveston places were raided, the agents visited 30 major establishments here and seized 300 quarts of assorted liquors.

Bohn Hilliard, former University of Texas football star, was a member of one of the raiding squads.

## TEXAS BORROWERS PAY 53 PER CENT OF RFC LOANS

Washington, Nov. 2. (AP)—Texas borrowers were reported Monday to have repaid about 53 per cent of their loans from the Reconstruction Finance Corporation.

RFC statistics showed \$164,246-117.62 had been disbursed to the home State of Jesse Jones, chairman, and \$87,443,868.61 had been repaid. RFC officials said the National average was about 65 per cent.

A special report showed 1,232 authorizations for loans had been approved for Texas and 889 borrowers were listed on the RFC books.

It also disclosed seven instances of loans repaid in full. They were: Building and loan associations, \$11,612,733; joint stock land banks, \$1,327,534; regional agricultural credit corporations, \$13,481,938; other agricultural credit corporations, \$89,251; Federal Land Banks, \$28,922,000; Federal intermediate credit banks, \$1,250,000; financing or agricultural commodities and livestock, \$109,551.

## WOODUL GOES TO DALLAS TO SEE VOTING MACHINES

Austin, Nov. 2. (AP)—Acting Governor Walter F. Woodul likely will go to Dallas Tuesday to watch the county's new automatic voting machines in operation.

He will remain there Wednesday for ceremonies honoring John Rolen, motion picture star who was a schoolmate at the University of Texas, and memorial exercises for Will Rogers. He will be at College Station Thursday for the presentation of an honorary degree to Jesse H. Jones by Texas A. & M. College.

Both Governor Allred, campaigning in New Mexico for President Roosevelt, and Woodul cast absentee ballots in Tuesday's election. Allred was not expected to return here until early next week.

The common fly has a heart and complete circulation.

## Living Standards Grow.

A rising standard of living is providing a happier life for the wage earners of the United States. An expert statistician has just discovered that a radio is no longer an indication of a family's economic status. A survey revealed that 80 per cent of all families now have radios.

Just at present the statistician is using the mechanical refrigerator as an indicator to mark the border line separating comparative poverty from comparative ease. The expert announces that the owner of a mechanical refrigerator is fairly comfortably fixed. But he warns that even that indicator won't last long, with mechanical refrigeration becoming almost as common as radios.

It was not so very many years ago that ownership of an automobile stamped a man as well-to-do. Industry in search for profits and found them and today, literally, almost everyone owns an automobile.

These benefits of a happier life came out of industry in a normal development of business for profit. The ordinary man today owns things which would have stamped him as a rich man a generation ago.

And now experts of a life insurance company report that the wage-earners of the country now have a longer life expectancy. They have passed the 60-year mark for the first time. This figure is barely under that of the general population which includes a large proportion of persons in the higher income brackets, with better than average mortality records.

If this trend continues the longevity of the wage-earning population will have a life expectancy of the general population in the near future.

## Catalogue of Success.

"Who's Who in America" is a typical American product. Since 1899 when the first volume was published it has continued to glorify the successful person in all fields of endeavor, and at the present time one out of every 3910 Americans is included in the register. Recently humorists have referred to the publication date of "Who's Who" as "tap day in America."

Although "Who's Who" is privately prepared, the editors have always claimed unbiased selection, yet that can hardly be credited since the name of Earl Browder, Communist candidate for the presidency, has been omitted, along with the names of a number of other prominent Socialist and Communist leaders, among them the editors of the New Masses and New Republic.

The omission of Jack Dempsey, former heavyweight champion, Clifford Odets, dramatist of note, and Walter Duranty, famous European correspondent, was probably a result of oversight, but the proportions allotted to certain personages are indeed strange. Nicholas Murray Butler, president of Columbia University, is given a column and a half to list his 30 honorary degrees, and Herbert Hoover runs a close second with 28 degrees, followed by Einstein, who appears in the volume for the first time this year.

"Who's Who in America" presents the best available cross-section of America's successful people. It is purely an American document, although it contains such names as Maag, Czerwonka, and Szymanski. Including every type of specialists from exterminators to highly skilled meat cutters, "Who's Who" should be re-

## BARBS

A health column reader asks what to do about his son, who is unusually jumpy. He might get the lad to resign his cheerleadership.

Mussolini's latest speech was delivered in Bologna, Italy—a coincidence.

A Cleveland coach says he can tell football practice season is over when he can begin to distinguish between players and tackling dummies.

Among all the others, during the election campaign, the Quoddy Dam seems to have been lost track of.

A writer mused on what the half-century-old Statue of Liberty would say if she could speak. She'd probably claim to be still in her twenties.

## It's in the Bag

## INCREASE IN RETAIL SALES AND CONSTRUCTION REPORTED BY FEDERAL RESERVE BANK

Dallas, Nov. 2. (AP)—Although retail buying at larger cities as reflected by department store sales evidenced a further expansion of 41 per cent from August to September, says the Monthly Business Review of the Federal Reserve Bank of Dallas, just released, the gain over the previous month was less than the average for that season.

Nevertheless, the Review says, it was 18 per cent higher than in the corresponding month last year. The bank's adjusted index of department store sales, however, declined from 107.7 per cent of the 1923-25 average in August to 103.1 per cent in September, the Review says.

Wholesale distribution, as represented by the sales of reporting firms in five lines of trade, showed a moderate increase over the previous month, but exceeded that of a year ago by a wide margin. The number and liabilities of commercial failures in this district prevented a favorable comparison with both the previous month and the same month last year. Debts to individual accounts at banks in 18 principal cities were 12 per cent larger than in August, and 29 per cent larger than in September, 1935.

Rain in September came too late to be of much benefit to crops, the Review says. The Oct. 1 report of the Department of Agriculture said most of the crops barely held their own during the month and, in some instances, lower yields were indicated. This was especially true of the Texas cotton crop where the estimate was reduced 121,000 bales, and the current forecast is smaller than last year's.

## Days Spent in Texas Recalled By Henry Wiley

Washington, Nov. 2. (AP)—Uncle Sam's new Maritime Commission chairman likes to refer to those days in Texas—"The Wild West"—when a boy he became self-reliant, hardy, strong and "handy with my fists."

Rear Admiral Henry A. Wiley intended to be a soldier but found, after passing the entrance examination for West Point, that he was too young for the Army. Representative J. Y. Throckmorton of Texas then appointed him to the Naval Academy.

"That was all right with me," Wiley remarked recently. "I just wanted to get out of McKinney."

In an autobiographical book he titled "An Admiral From Texas," the native Alabamian who rose to the Navy's No. 1 fleet post, recalled how his family moved to McKinney when his father found himself "on his uppers" after the Civil War.

"We arrived in McKinney when I was about one year old," Wiley wrote in his book. "Judging from my earliest memory of it, McKinney must have been at that time a crude frontier town."

"In this atmosphere of the Wild West and without the restraint of discipline, I became self-reliant, hardy and strong and handy with my fists. I was always ready to mix it up with the toughest whites or blacks."

"I had the ambition, the single one to become the village blacksmith—my idea of physical prowess combined with beauty."

Wiley recalled that he suddenly "turned from old ways" when he was about 12 years old. At the suggestion of his father, he said he proceeded to "a place called Denton" for the West Point examination, was

production, the Review says. Offsetting this, the rain provided a good season in practically all sections of the district and enabled farmers to proceed with Fall plowing and seeding. Ranges and livestock improved rapidly and the Oct. 1 condition generally was above the average for that date.

Construction declined seasonally from August to September, and valuation of building permits at 14 principal cities during the month was 17 per cent lower than in August, but 60 per cent higher than the total for the corresponding month of 1935. Although shipments of cement from Texas mills declined during September, the Review says, production showed a further moderate expansion. Production and shipments reflected a wide margin of gain over respective figures for the same month a year ago.

The Review reports total loans of reporting member banks at leading cities of the Eleventh district aggregated \$221,851,000 Oct. 7, exceeding those of a year ago by \$18,966,000, and were at the highest level since the early months of 1933. Their investments were increased \$7,932,000 during the four weeks period, and set 7 were \$2,039,000 higher than on the corresponding date last year, the Review says.

Federal Reserve bank loans to member banks declined from \$529,000 Sept. 15, to a low level of \$145,000 Oct. 15. The reserve deposits of member banks established a new high record at \$156,116,000 Oct. 15, compared with \$109,346,000 Oct. 15, 1935.

first on the list and returned to McKinney "much set up." The age line thwarted him and Throckmorton named him to Annapolis.

Admiral Wiley, commander-in-chief of the United States Fleet, was 62 years old when he retired from active naval service in 1929. Today, at 69, he heads the Government agency to govern the Merchant Marine.

## DALLAS COP GETS MAN AFTER SEEING 500 CARS

Dallas, Nov. 2. (AP)—Officers charged Jarvis Luther Brown, 26-year-old carpenter, here with failure to stop and render aid after examining 500 automobiles in their search for the driver who critically injured S. T. Abrams a week ago.

Traffic Investigator Flay Nelson had only part of a license number when he began the search. Nelson said a portion of a broken cow light found at the accident's scene fitted into a broken light on Brown's car. Brown's bond was set at \$5,000.

## Labor Report Notes Gains.

Washington, Nov. 2. (AP)—While predicting a continued business upswing through next Spring, the American Federation of Labor warned Saturday against "an eventual shortage of buying power." The Federation's monthly business survey contended workers are not getting their share of returning prosperity because "no significant gain" in hourly earnings has accompanied lengthening hours of work.

## Loan Plan Approved.

Washington, Nov. 2. (AP)—Announcement of the approval of the Home Building and Loan Association of Plainview, as an authorized mortgagee under the National Housing Act, has been made here by George E. Palmer, special assistant to the Federal Housing Administrator in charge of savings, building and loan activities.

## Voters in West Face Full Day of Reaching Polls

Denver, Colo., Nov. 2. (AP)—It will be an all day job for many citizens of the West's wide open spaces when they cast their ballots Tuesday.

Many ranchers, shepherders and miners in Southeastern Utah, will ride up to 80 miles on horseback through a vast sage brush wilderness to reach the polls at Mexican Hat on the Arizona-Utah border. The town is 150 miles from a railroad.

On the other hand in Nevada, the election already is over for some voters isolated in rough mining areas and sections for voting facilities. Because of the scarcity of population and the great distances many precincts were eliminated in that State. Ballots were mailed to upwards of 100 qualified voters in those sections and many of them already have been returned, marked and ready to be opened after the voting Tuesday.

Most of the citizens in the West's wide open spaces, however, will make no other plans for Tuesday than to visit the polls. From dawn to dusk, voters in isolated sections of Utah, Colorado, Wyoming, Montana, Arizona, Southern California, and New Mexico will travel to the polls by horseback, auto, and wagon over meandering rock strewn roads.

## 4-H GIRLS OF HARDEMAN COUNTY REVIEW ACTIVITY

Quannah, Nov. 2.—Nearing the completion of an active year in wardrobe work, the Hardeman County 4-H Club girls held their third and last rally of the year in Quannah Saturday. Thirty-six girls were in attendance, all of whom had completed their wardrobe work for the year, including the making of one or more dresses.

During the rally Saturday all girls were required to model the dresses which they had made. Miss Margaret Leuty, Hardeman County Home Demonstration Agent, under whose supervision the dresses were made, complimented the girls on the quality of the work, and the progress they have made during the year.

## TEXAS PRISON RODEO IS CALLED BEST OF SERIES

Huntsville, Nov. 2. (AP)—Buck Kidd, Slim Hodge, and Cowboy Waddell proved the outstanding performers of the prison personnel who participated in the sixth annual rodeo of the Texas Prison System here.

O. J. S. Ellingson, general manager, said the rodeo was the most successful in the series, and that additional seats were installed after attendance of the first three performances to accommodate the increased attendance. He said the gate receipts of three performances were greater than in past years.

Money derived from the rodeo is placed in the Prisoners' Welfare fund to supply entertainment for the prison inmates.

Nat Patton of Crockett, representative in Congress, Malcolm Monroe of Houston, Jack P. Burris of Dallas, and his son, John, 32, film actors. Bodies of the two men were found Saturday in a closed automobile that had skidded from a rain-washed road and plunged into Malibu Lake, 20 miles north of here.

## AUTOBIOGRAPHY PLANNED IN DEATH OF HOLLYWOOD PAIR

Hollywood, Calif., Nov. 2. (AP)—The coroner's office announced plans to perform autopsies, probably Monday, on the bodies of Hugh Buckler, 64, and his son, John, 32, film actors. Bodies of the two men were found Saturday in a closed automobile that had skidded from a rain-washed road and plunged into Malibu Lake, 20 miles north of here.

## F. L. MAYTAG ON ANNUAL VISIT TO TEXAS FIRMS

F. L. Maytag, founder and chairman of the board, the Maytag Company, Newton, Iowa, will make his annual visit to Texas during the first week of November. Mr. Maytag, age 79, comes to Texas each year to see all members of the organization.

Luncheon meetings in his honor have been arranged for Dallas, Nov. 3; Galveston, Nov. 4; Abilene Nov. 5; and Amarillo Nov. 6.

In Dallas, a special "Maytag Day" has been designated by the Centennial Committee to honor Mr. Maytag, who with the members of the organization in this vicinity will visit the Centennial Grounds Nov. 6. Queen Elizabeth of the Globe Theater, will entertain with a Luncheon in Mr. Maytag's honor that day, having as her guests the dealers, managers, salesmen and wives, and officials of Maytag Southwestern Company in the Dallas area.

# SALUTE TO Love

by Rachel Mack

© 1936 NEA Service, Inc.

BEGIN HERE TODAY  
KATE AND CAROLINE MEED live on a farm, Meed Meadows, with their indolent, lovable grandfather, MAJOR SAM MEED, and two old Negro servants, ALTHY and ZEKE. Kate is engaged to MORGAN PRENTISS, who neglects her for EVE ELWELL, beautiful and wealthy.

Major Meed loses the farm to JEFF HOWARD, a bitter young mountaineer. Kate hates Jeff for taking her home, but he, in spite of her insolent treatment, finds himself in love with her.

Kate decides to give up Morgan, just as he is on the point of jilting her or Eve. Needing money, Kate and Caroline work up a cottage cheese route, but soon afterward their cow dies. One day Kate finds Caroline crying. Questioning her, she learns Caroline is preparing to marry MR. GRAYSON, a well-to-do widower whom she does not love. Kate protests against this sacrifice.

NOW GO ON WITH THE STORY

## CHAPTER XXIII

Caroline hesitated, then burst out breathlessly, "Mr. Grayson's promised me \$1,000 a year for Granddad! For the house here. He says he's always admired Granddad and would consider it an honor to give it, through me. He's a kind man, Kate!"

Kate was too surprised to answer for a moment. Then she said, "Yes, he is kind—but he's even smarter than he's kind. Caroline, he's buying you. You're 30 years younger than he is. You're other desirable things, too—pretty and feminine and easily managed. Aren't you worth a thousand a year bonus, over and above your board and keep?"

"You've no right to put it like that," Caroline protested.

"I've a right to discuss the bargain when my sister sells herself. You can't stop me. He asked you last night, of course? I thought you looked queer when you came upstairs. When's he coming for his answer? Plenty soon, I'll bet."

"Tonight," Caroline admitted. "I don't mind it, Kate. Really, honey!"

## YOUR SILENT WITNESS

One of the greatest advantages of a personal checking account is the part played by a cancelled check. Once charged to your account by the bank, it is returned to you as a receipt and legal evidence of payment. It remains in your possession as a constant and irrefutable, silent witness that a certain bill was paid on a certain date.

## The Herring National Bank

VERNON, TEXAS

"Superior Service Courteously Rendered"

to honor. That's kinder. Go ahead." "All right..." Thirty years is too great a difference in age. Somewhere, I am sure, there is a woman more suited to you and a man more suited to me. Let us try to find them. Sincerely, Caroline Meed."

Caroline remarked when she had written her name. "It's much plainer than I could have said it."

Kate was getting into her riding clothes. "Now lick the flap," she instructed, "and I'll deliver it at once."

Kate lost no time. In half an hour she was leaning from her horse, putting the letter into Mr. Grayson's hand. "It's from my sister, Mr. Grayson...No, thank you, I won't stop. I'm in quite a hurry—" She rode away and left him fingering the envelope in surprise. She thought, "I hope he doesn't read it till I'm out of sight. I hope he isn't too much broken up over it."

She could not feel greatly concerned for Mr. Grayson because he had brought all this on himself. He needn't have gone out of his way to pick out Caroline, 30 years his junior. There was Miss Alice Fenwick, who'd been in love with him for goodness knows how long. Even before his first marriage, people said, Miss Alice was a handsome woman not much past 40 with a cheery disposition and many excellent traits of character. If Mr. Grayson had any sense at all he'd appreciate her.

No, Kate decided, she would not distress herself over Mr. Grayson. She had rescued Caroline from a ghastly mistake and that closed the chapter. Something else must be done now. Something that required more courage than tossing a letter at Mr. Grayson.

She touched Brown Boy with her crop and turned his head toward home, but when they reached Rickety House she did not turn in. Her destination was two miles up the road. She came to the Hold farm and let herself and Brown Boy through the gate that led to the barn. There she found Mr. Hold, for whom she was looking.

She said to him, "Last year you wanted to buy my horse for your son. I told you I'd never sell him, but I've changed my mind."

Mr. Hold, who had come up to prosperity from the tenant class and was wholesomely proud of the fact, was man of few words. He now yanked a suspender strap and spat reflectively.

Kate said, "I wouldn't offer him to anybody else, Mr. Hold. I know you'd never work him. Brown Boy would not stand being worked. He's proud."

"Yeah," Mr. Hold remarked. "But I been thinkin' of a thoroughbred for Ralph. Man over near Lexington tryin' to interest me."

Kate shook her head in disapproval. "A thoroughbred costs a lot of money, Mr. Hold. And then what've you got? Just a fast stepper. Ralph ought to have a gaited horse. He ought to have a big comfortable riding horse like this one."

She rode Brown Boy up and down the lot, exhibiting his several gaits. Then she got off and held his head while Mr. Hold inspected him. The man asked, "How old's he, exactly?"

"Turning eight years, Mr. Hold. Just a youngster."

"Ma an' you know eight years is no youngster, Miss Kate," the farmer said.

## G. O. P. LISTS EXPENDITURES

DISBURSEMENTS SINCE FIRST OF JANUARY PLACED AT \$6,988,663

Washington, Nov. 2. (P)—The Republican National Committee has reported it had spent \$1,302,086 in the 10 days ended Oct. 28.

Filing its last pre-election report with the clerk of the House, the committee revealed that its total disbursements since Jan. 1 amounted to \$6,988,663.

Expenditures by Republican Senators and Congressional committees brought the party's total outlay to \$7,488,718.

This figure did not include spending by individual candidates or local party organizations.

A similar report filed by the Democratic National Committee showed a total party expenditure of \$3,430,115, while the national committee spent \$3,408,501 since Jan. 1.

Contributions to the Republican National Committee amounted to \$6,933,232 for the year, of which \$1,198,274 was collected since Oct. 19. The report showed a balance on hand of \$266,523.

## MEMORIAL PARK PLANNED FOR PIONEER OF STATE

Jasper, Nov. 2. (P)—Descendants of George W. Smyth, pioneer Texan prominent in early State politics, announce they are organizing the George W. Smyth association with the purpose to convert the old home site at Beech Grove community, 12 miles southwest of here, into a park.

Members of the family met here recently to dedicate a memorial to their ancestor.

Smyth died at Austin Feb. 21, 1866, while a delegate to a convention to amend the State constitution. His grave in the State cemetery at Austin is marked by a monument erected by Mrs. George W. Smyth, Jr.

The old homestead decayed many years ago and trees and brush overrun the place. Descendants agreed at the meeting the home should be rebuilt on the knoll where the original building and furnished, as nearly as possible, as it was in Smyth's lifetime.

Mrs. Charles E. Walden of Beaumont, a granddaughter, retains the rights to the property which contains the family cemetery in which 17 members of the family and one valued slave are buried.

MRS. HOUDINI ABANDONS HOPE TO CONTACT SPIRIT WORLD

Hollywood, Calif., Nov. 2. (P)—The light that burned above the photograph of the late Houdini, the magician, was extinguished Sunday, and his widow, Mrs. Beatrice Houdini, said she has abandoned all hope of contacting his spirit.

Houdini died Oct. 31, 1926. Saturday night, on the 10th anniversary of his passing, Mrs. Houdini staged a final seance on the roof of a Hollywood hotel in what she said was a final effort to reach him.

ARAB COMMAND ASKS BRITAIN TO LEAVE PALESTINE

Jerusalem, Nov. 2. (P)—The Arab higher committee will publish a proclamation Monday demanding that England cancel the Balfour declaration, pledging Britain's aid in establishing a Jewish National home in Palestine.

Monday will be the 19th anniversary of the declaration. The manifesto by the supreme Arab representative body calls for cessation of present British policy and demands recognition of independence for Palestine Arabs.

South Dakota Gets Snow.

Aberdeen, S. D., Nov. 2. (P)—Snow, falling steadily, covered most of Northern South Dakota Sunday to a depth of six inches, with indications it would continue through the night.

Hospital Plans Approved.

Nacogdoches, Texas, Nov. 2. (P)—City Manager Grady Stalling has announced a \$20,000 bond issue would be offered at once for improvements to the City Memorial Hospital. The issue carried by 93 to 25 in an election last week. The improvements include addition of a two-story annex which will increase the hospital's capacity from 25 to 50 beds.

Debs, Soc. .... 897,011  
Wilson carried 40 states, 435 electoral votes; Roosevelt carried six states, 88 electoral votes; Taft two states, eight electoral votes.

## LIQUOR ENFORCEMENT AT HIGH AS FINES INCREASE

Austin, Nov. 2. (P)—Increased fines in September point to a tightening of enforcement, State Liquor Control board officers here say.

September fines totaled \$13,082, against \$10,454 in August, the board says. There were 275 new cases filed, compared with 259, and 175 convictions against 100. Dismissals numbered 25 to 33 in August; acquittals 3 to 4, and jail sentences 12 to 8.

District inspectors seized 43 stills against 21 in August.

Most active in September was district 15 with headquarters at Beaumont. Thirty-nine cases were filed.

28 convictions obtained, \$2,790 collected in fines, and 11 stills seized and destroyed.

District 5, with headquarters at Paris, filed 21 cases, won 23 and collected \$2,495 in fines. District 6, with headquarters at Longview, reported 37 cases filed, 19 convictions, \$1,115 in fines, and 11 stills captured.

Money collected in liquor fines goes to counties in which convictions are obtained.

TEXAS HEALTH OFFICIAL AT SCHOOL IN HARVARD

Austin, Nov. 2. (P)—Dr. J. W. E. H. Beck, director of maternal and child health division of the State Department of Health, is taking special courses in maternal and child health in the school of public health of Harvard Medical College.

He is attending the school upon invitation of Dr. Frances C. Rothert, chief consultant of the children's bureau of the United States Department of Labor. Heretofore the courses were open only to State health officials of New England.

Dr. Beck, who resigned from the Texas Senate to become field director of the Child Health Division, with Dr. Edythe P. Hershey organized and conducted post graduate lecture courses for physicians throughout the State. Dr. Hershey is to continue director of this work until Dr. Beck returns in January.

SECOND WOMAN FILES SUIT AGAINST STAN LAUREL

Los Angeles, Nov. 2. (P)—Another woman has sued Stan Laurel, film comedian, for separate maintenance. His wife, Mrs. Virginia Ruth Laurel, recently sued him for separate maintenance of \$1,235 a month.

The new suit is by Mrs. Mae Laurel, a Federal theater project player, who said she and Laurel lived together as man and wife from 1919 to 1925. She asked \$1,000 a month separate maintenance and \$10,000 for her lawyers, and an equitable division of property which she contended they accumulated together. She estimated the value of the property at \$127,500.

ABILENE HOST TO B. T. U. CONVENTION NOV. 26-28

The forty-sixth annual session of the Baptist Training Union Convention of Texas will meet in Abilene Nov. 26-28. The Convention will open Thanksgiving morning with a great song service directed by Prof. F. E. Reynolds, Fort Worth. The Convention choir will be composed of college quartets and glee clubs from all the Baptist schools of Texas.

The keynote address of the Convention will be delivered by Dr. W. R. White, pastor of the First Baptist Church Oklahoma City. The Convention sermon, which will be a Thanksgiving message, will be delivered by Dr. W. Marshall Craig, pastor of the Gaston Avenue Baptist Church, Dallas.

Japs Launch Destroyer.

Tokyo, Nov. 2. (P)—The first-class destroyer Ekaze was launched Sunday at Osaka. A 1,368-ton vessel, she will have a speed predicted at 34 knots an hour. She carries five 12.7 centimeter guns, and eight torpedo tubes.

## FIRE WRECKS QUANAH HOME

R. H. SPEER RESIDENCE WAS LANDMARK IN HARDEMAN CITY

Quanah, Nov. 2.—A six-room brick veneer residence owned by R. H. Speer, prominent cattleman of Quanah, was destroyed by fire early Sunday morning. The loss, estimated at several thousand dollars, was partially covered by insurance.

The origin of the fire is undetermined. The blaze started in the attic of the home and it is thought that defective wiring was the cause. Mr. Speer and his son, Robert, have been staying at the home of his father-in-law, Dr. C. W. Hodge, since the death of Mrs. Speer several days ago and no one was at home when the fire started.

The Speer residence, at the corner of 7th and Main streets, was a landmark of Quanah, having been built by Dr. Hodge, a pioneer settler of this city, in about 1900.

MINERAL WELLS HOST TO BAPTIST CONVENTION

The eighty-eighth annual session of the Baptist General Convention of Texas will be held in Mineral Wells Nov. 10-13. The first service will begin Tuesday Nov. 10 at 8:45 p. m. with a song and devotional service conducted by Dr. I. L. Yearby, El Paso. Dr. J. B. Tidwell, head of the Bible Department of Baylor University, is president of the Convention, and will preside at all sessions.

The main feature of the Mineral Wells Convention will be a pageant depicting the life and work of Texas

THE HUMAN HEART IS ON BOTH SIDES OF THE BODY

THE human heart commonly is spoken of as being on the left side. However, the body to be divided down the center of the breast bone, a considerable portion would be found in the right half. The heart beat is felt on the left side, and this has given rise to the impression that the organ lies completely on that side.
